EAST LIVERPOOL, O., WEDNESDAY, DECEMBER 31, 1902.

MANUFACTURING POTTERS MAKING MUCH PROGRESS WITH NEW ASSOCIATION

The Organization Is Growing and Selling Price
Agreement Will Be Strictly
Adhered to.

The first day of the new year will also be the first day of actual existence for "The Pottery Association of America," the organization that was born from the United States Manufacturers' association during its special session held in Pittsburgh two weeks ago, and which is calculated to put an effectual stop to the disastrous price cutting of the past six months.

Since the meeting in Pittsburgh the officers of the association have found much more work to do in order that the details of the agreement be definitely arranged and understood so that it could be put into effect on the first day of the new year. At that time nearly every member of the United States Manufacturers' association had agreed to enter into the new agreement.

This association represents at least 75 per cent of the manufacturers in the United States. Since that time, however, many additional firms have been added to the list and it is estimated that not less than 75 per cent of the product of the United States will be controlled through the association. It is strong enough to carry into

effect the purposes for which it was formed.

Strange as it may seem three local firms, the Union Potteries company, Burford Brothers and the Standard have so far refused to become members of the association. The two last named are members of the Manufacturers' association, but the other company, it is stated, has never shown a disposition to affiliate with its competitors. If the reasons of the other two concerns for staying on the outside are known they have not been given to the public. All three of them, it is stated, have been solicited.

The western branch of the new association's executive committee has held a number of meetings, but the selection of an actuary, secretary and treasurer, left to it by the association, has not as yet been made. It will be necessary, however, to choose these officers in the near future.

The agreement which binds the manufacturers together in the new association is not for any stipulated time, but will endure as long as it can be made effective. There is a forfeit for

THE FREIGHT CONGESTION RENEWED

The B. & O. Refuses Carload Shipments to Points
East—Pennsylvania Embarrassed.

Pittsburg, December 31.—Another period of freight congestion through this district. For the past two weeks matters have been going from bad to worse. One of the results is the issuance of the following notice of embargo by the Baltimore & Ohio railroad through Arthur Hale, general superintendent of transportation:

"On and after December 27, until further notice, we cannot accept carload freight, except live stock and perishable, for points east of Pittsburg, Moundsville and Parkersburg. We will continue to accept our own empty cars and empty foreign cars en route home. This notice is in accordance with per diem rule No. 15."

On the Pennsylvania railroad conditions are better than at the worst of the congestion period, which finally brought President Cassatt to this city, but there has been evident for the past fortnight a growing accumulation of

cars. With the Baltimore & Ohio shutting off its eastbound business in everything that this district produces there must go to the Pennsylvania a large amount of traffic which ordinarily the Baltimore & Ohio carries.

Coal in particular is running short. Coke likewise is not being given anything approaching satisfactory transportation and many protests from shippers are being received. From all parts of the country where soft coal is used there are growing demands for more of the fuel. The coal companies claim that they cannot secure enough cars from the railroads to load at the tipplers, and that when cars are secured and loaded there is experienced the greatest difficulty in getting them over the road to their destination.

The freight yards around the city are again filling up beyond normal and little surprise would be felt if a repetition of the experiences of November were had.

HIS LEG CRUSHED TO SHAPELESS MASS

BAKEMAN FLEMING MEETS
WITH A SERIOUS ACCIDENT.

Will Lose His Limb As Result of Being Caught Between Cars.

Edward Fleming, brakeman on the pony shunting engine, was caught between two freight cars on the Horn switch this afternoon and his right leg was so badly mashed that amputation was necessary.

The pony had been working about the west end of the switch since noon, and in making a coupling Fleming missed his footing and fell between the bumpers. The leg was crushed in a horrible manner from the knee to the end of the toes, the whole lower limb and foot being mashed into a shapeless mass.

When the train was stopped and Fleming could be extricated from his perilous position, he was unconscious. As quickly as possible the patrol wagon in charge of Pat Woods and another fireman, was called and the injured man hauled to the office of Dr. Toot in the Exchange building.

Physicians lost no time in beginning the operation, and it was completed within an hour after the accident occurred.

Fleming is 35 years of age and resides in Wellsville, and was taken home.

GOLDEN EAGLES HOLD AN ELECTION

New Officers Chosen Last Night And Will Be Installed Next Tuesday.

At the meeting of the Knights of the Golden Eagle last night the annual election of officers to serve for the ensuing year was held. The meeting was quite largely attended and the election of officers resulted as follows:

Past chief, Frank Robinson; noble chief, Charles Apple; vice-chief, Elmer McIntosh; high priest, Thomas Simpson; venerable hermit, George Hamilton; keeper of exchequer, Thomas Buckley; clerk of exchequer, Joseph Bloor; sir herald, James Berkheimer. The installation of officers will be held next Tuesday night.

A FINE MODERN BUSINESS BLOCK FRANCHISE ASKED BY NEW RAILROAD

Will Be Erected on Washington Street by Potters' Building and Savings Co.

A LARGE SITE PURCHASED COUNTY COMMISSIONERS

And the Result Will Be a Structure That Will Be an Important Addition to the City—Plans Not Yet Fully Decided Upon.

A business building that is to be modern and substantial in every particular is soon to replace the buildings on Washington street now occupied by the Boston Candy kitchen, Frank Allen's barber shop and Campbell's wall paper establishment, known as the Purinton property. The new structure is to be the home of the Potters' Building & Savings company, which is at the present time quartered in the Odd Fellows building at the corner of Fifth and Washington. Just what sort of building will be erected has not yet been decided by the directors of the company but there is a strong sentiment in favor of a sky scraper. The negotiations for the property were only closed last evening so there has not been time enough to decide what sort of a structure will best satisfy the needs of the company.

The company had three desirable properties under consideration, one of them the homestead of the late Isaac W. Knowles at the northwest corner of Fifth and Washington. An offer of \$45,000 was made to Mrs. Knowles and promptly refused. Yesterday \$50,000 was offered and this too was refused after being considered several hours. The purchase of their present quarters was next considered by the company but when the fact that it would require moving while the building was being razed and the new one erected, the project was abandoned. Other objections were that the lot is too small for the size of the building desired and the loss that would be occasioned in demolishing the present structure. So the property a short distance to the north and owned by John J. Purinton was finally purchased. The consideration is said to be less than \$20,000. The lot fronts 44 feet on Washington street, 70 feet on Drury lane and 54 feet on Broadway. It measures 102 feet through from Washington to Broadway.

The location is an excellent one for a modern office building and it is the hope of many that the company will so decide. The architects have not yet been called into consultation and will not be until something more definite has been decided upon.

ANOTHER BIG PURCHASE BY THE RAILROAD CO.

The Stewart Property Adjoining the Railroad Bought By the C. & P. Company.

The Robert Stewart property, Union and Water streets, adjacent to the Mercer property, recently sold to the C. & P., has also been purchased by the railroad company, the reported consideration being \$10,000. It is supposed to be the object of the railroad company to use the property for a site for the new station. Only two properties in the square are now left which the railroad does not own.

Negotiations have been on for the purchase of the Bagley property, but no agreement has been reached yet.

A price has been agreed upon for the purchase of the portion of the Croxall pottery property between the alley and the railroad.

THROWN FROM A SLEIGH AND MADE UNCONSCIOUS

Mrs. T. M. Bennett And Granddaughter Badly Injured in a Runaway.

A sleigh in which Mr. and Mrs. T. M. Bennett and their 7-year-old granddaughter were riding collided with a wagon on Fifth street yesterday afternoon, the horse having become frightened and ran away. The occupants were thrown out in front of the Y. M. C. A. building and Mrs. Bennett and the little girl were rendered unconscious for a short time. Mr. Bennett was not hurt.

FOLK BOTH GRAVE AND GAY WILL GIVE GLAD WELCOME TO THE NEW GUEST, 1903

Watch Meetings and Other Religious Services as Well as Social Affairs New Year's Eve.

The advent of 1903 will be duly observed by many of the churches, and time-honored "watch night" services are scheduled throughout both this city and Wellsville for tonight. Not satisfied with the observing of Christmas, the churches in this twentieth century are inclined to attach more and more of religious weight to the passing of the old year, with all its regrets and mistakes, and the arrival of the new with its ambitious hopes and firm resolves.

There are always those who are watching for the chance to greet the arrival with noisy salutation, but the churches are endeavoring to make the celebration of an impressive character that will bear lessons for all of the duties arriving hand in hand with the new year.

Representatives of the Cleveland church have been importuning the county commissioners to sign foot front privileges for a line past the court house on Walnut street. This the commissioners have refused to do on the ground that they do not propose to grant any privileges which would hold up another company in case the company securing the grant should abandon its enterprise. The commissioners have assured Mr. Goodman's representatives that when his company has the goods to deliver the right of way privileges will be granted.

One of the most ambitious of local

churches in greeting the new year will be the M. P. church, Fifth street. The meeting will be addressed by the pastor, Rev. Dr. David Jones, and several leading members of the church. A musical program has also been arranged.

At St. Stephen's Episcopal church an interesting program has been arranged. There will be a special choral service by the choir and the regular "watch night" sermon will be delivered by the rector, Rev. Edwin Weary.

At the Christian church no watch meeting is announced for tonight. Regular prayer services will be held, after which there will be a special business meeting of the Christian Endeavor society. Officers for the ensuing term are to be elected.

At the First Presbyterian church, a

prayer meeting will be the only service held. The service will be particularly impressive as the congregation is

deeply grieved over the death of the father of Rev. C. G. Jordan, the pastor.

At St. John's Evangelical Lutheran church there will be no meeting to

FRANCHISE ASKED BY NEW RAILROAD

Max P. Goodman Wants Rights Through Lisbon For His Trolley Line.

A FINE MODERN BUSINESS BLOCK

Have Also BeenAppealed To—Assurance Given That Rights Will Not Be Withheld If the Company Can Deliver the Goods.

Lisbon, December 31. — (Special).— The Lisbon city council has appointed a committee, consisting of William Barr, C. F. Briggs and Newton Ramsey, to consult with Max P. Goodman, of Cleveland, regarding a route through the city for the electric railway project. If a franchise is given this company it will not interfere with the operation of the Youngstown & Southern, as the two companies have mapped out different routes through the city.

IN A CRITICAL STATE

He Was Slightly Improved Yesterday, But His Condition Is Still Dangerous.

While enroute to his home in this city yesterday Justice J. N. Rose stopped at Columbus and visited his son-in-law, Dr. F. E. McFarland, who is confined to the Mount Carmel hospital there suffering from the effects of a paralytic stroke.

Mr. Rose stated the doctor was a little stronger yesterday, but was still in a dangerous condition. The two expert specialists who have been in attendance have not to the present given out any information, but give the devoted wife little encouragement. Justice Rose gives it as his opinion that Dr. McFarland will never get well.

STILL ANOTHER RAILROAD PROJECT

New Line to Reach Coal Fields and to Connect With Lisbon Erie Branch.

Salem, December 31. — The Mahoning & Lake Erie is the latest railroad to come to the surface. This road will shortly be incorporated, and the incorporators will be Cleveland men of money. It is given out that the people behind this road have their headquarters in the Perry-Payne building in Cleveland and the hint is thrown out that Mark Hanna is one of the individuals interested.

The company was formed to reach some valuable coal property down in Green township, Mahoning county. The road will be built from the coal lands to the Niles and Lisbon branch of the Erie. This will necessitate a track only five miles long at the start. All the coal land in that vicinity has been leased to the stockholders of the railroad company. The coal is known as cannel coal, and is of a desirable quality. It is of a quality between the anthracite and bituminous. It

is said the cost of mining is only \$1 per ton, and it will market at good figures.

It is furthermore reported that the Mahoning and Lake Erie railroad will eventually be extended and will penetrate other territory as well. A gentleman interested in the road said today the men behind the project could if they desired build a line from coast to coast, so great is the amount of money at their command.

It was intimated that eventually the line would be built through to Cleveland.

This road if it is constructed would be used for the hauling of freight only at first, but might eventually be turned into a passenger line should it be extended on to Cleveland as it is hinted at above. It penetrates a field hitherto untouched and would doubtless be a paying investment from the start as it will open up a

THE RIVER IS RISING AND ICE COMING DOWN

Navigation on the Ohio Is Seriously Interfered With as a Result.

There was a rise of almost two feet in the river during last night. It brought down nearly all the ice from the Allegheny, and it is playing havoc with the towboats en route from Cincinnati to Pittsburgh with empties. They are going to the bank all along the line. The Harvester laid up at Rainsburg and the John Moren is a short distance below her. The cold weather will thicken the ice. The packets are being interfered with to some extent.

The Queen City is due down tonight at 8 o'clock from Pittsburg and the Ben Hur is due up at 9 o'clock from Parkersburg.

The Virginia will be docked at Pittsburg for repairs to her hog chain. It will take two or three days to do the work.

This is much the coldest weather of the season. Heavy ice has formed along both shores of the river. There was excellent skating last evening at the West End park and the sleighing continued fine. The sidewalks are in an almost impassable condition. Many pedestrians preferred the middle of the street today in preference to risking a broken limb on the icy pavements. Quite a number have procured "spikes," which are attached to the shoe heels, insuring a firm footing.

MANUFACTURING POTTERS MAKING MUCH PROGRESS WITH NEW ASSOCIATION

The Organization Is Growing and Selling Price
Agreement Will Be Strictly
Adhered to.

The first day of the new year will also be the first day of actual existence for "The Pottery Association of America," the organization that was born from the United States Manufacturers' association during its special session held in Pittsburgh two weeks ago, and which is calculated to put an effectual stop to the disastrous price cutting of the past six months.

Since the meeting in Pittsburgh the officers of the association have found much more work to do in order that the details of the agreement be definitely arranged and understood so that it could be put into effect on the first day of the new year. At that time nearly every member of the United States Manufacturers' association had agreed to enter into the new agreement.

This association represents at least 75 per cent of the manufacturers in the United States. Since that time, however, many additional firms have been added to the list and it is estimated that not less than 75 per cent of the product of the United States will be controlled through the association. It is strong enough to carry into

effect the purposes for which it was formed.

Strange as it may seem three local firms, the Union Potteries company, Burford Brothers and the Standard have so far refused to become members of the association. The two last named are members of the Manufacturers' association, but the other company, it is stated, has never shown a disposition to affiliate with its competitors. If the reasons of the other two concerns for staying on the outside are known they have not been given to the public. All three of them, it is stated, have been solicited.

The western branch of the new association's executive committee has held a number of meetings, but the selection of an actuary, secretary and treasurer, left to it by the association, has not as yet been made. It will be necessary, however, to choose these officers in the near future.

The agreement which binds the manufacturers together in the new association is not for any stipulated time, but will endure as long as it can be made effective. There is a forfeit for

THE FREIGHT CONGESTION RENEWED

The B. & O. Refuses Carload Shipments to Points
East—Pennsylvania Embarrassed.

Pittsburg, December 31.—Another period of freight congestion through this district. For the past two weeks matters have been going from bad to worse. One of the results is the issuance of the following notice of embargo by the Baltimore & Ohio railroad through Arthur Hale, general superintendent of transportation:

"On and after December 27, until further notice, we cannot accept carload freight, except live stock and perishable, for points east of Pittsburg, Moundsville and Parkersburg. We will continue to accept our own empty cars and empty foreign cars en route home. This notice is in accordance with per diem rule No. 15."

On the Pennsylvania railroad conditions are better than at the worst of the congestion period, which finally brought President Cassatt to this city, but there has been evident for the past fortnight a growing accumulation of

cars. With the Baltimore & Ohio shutting off its eastbound business in everything that this district produces there must go to the Pennsylvania a large amount of traffic which ordinarily the Baltimore & Ohio carries.

Coal in particular is running short. Coke likewise is not being given anything approaching satisfactory transportation and many protests from shippers are being received. From all parts of the country where soft coal is used there are growing demands for more of the fuel. The coal companies claim that they cannot secure enough cars from the railroads to load at the tipples, and that when cars are secured and loaded there is experienced the greatest difficulty in getting them over the road to their destination.

The freight yards around the city are again filling up beyond normal and little surprise would be felt if a repetition of the experiences of November were had.

DECADENCE OF SCALLOPS.

The far-seeing firms have realized that the decadence of the scalloped edge on dinner sets has begun and they have abandoned it on a number of new shapes ordered for the spring trade. The reasons for its passing are many. For one, the taste of the people for china is as variable as in other things, and it seems to have drifted from the fancy to something plainer and more severe. There is already quite a demand for the plain edge sets. The taste of the public has not had all to do with its adoption by the manufacturers, for it offers many advantages to them. For instance they will pay less, in some departments, for its manufacture, the scale being higher for a dozen of scalloped than for the plain. The plain edge ware offers much more of a diversity in decorations, and a number of designs can be used that were found impossible with the scallops. It is predicted that within six months every manufacturer in the city will be carrying at least one dinner shape with the plain edge.

BACK TO WORK.

The holiday vacations of a great many of the operatives are almost at an end, and those from out of town who have been visiting here are preparing to return to their homes in nearby towns. Quite a number of the plants will resume operations next Friday and the majority will start Monday. The prospects for steady work at all the plants are good, in fact some of them could ill-afford to lose the time taken for the holiday vacation. At no previous season in years have the conditions been better, so it is no wonder that both manufacturers and operatives enjoyed a merry Christmas and will have a happy New Year.

FATHER AND DAUGHTER DEAD.

A double funeral took place at Wheeling today, when James R. McCortney and Mrs. Edna Muncaster were buried in Greenwood cemetery. Mr. McCortney was president of the Bellaire Steel company and Warwick Pottery company and a veteran iron manufacturer of Wheeling up to his retirement from active life in 1900, when he and his family spent a year abroad. After returning the family lived in Washington, D. C., where Mr. McCortney's only daughter married Dr. Stewart B. Muncaster. Last Saturday Mr. McCortney died. His daughter had given birth to a child about a week previous and her grief over the death of her father caused her death.

STANDARD BUSY.

Reports from the Standard indicate that the holiday week has been an unusually busy one, a full force being maintained in all departments. As stated before it had been the intention to loaf long enough to permit of the repair of the kilns, but the failure of the brick to arrive has made it necessary to defer the shutdown until a later date. Four cars of ware have been shipped during the past week, which is an evidence that the post-holiday depression is not general.

NEW DINNERS.

The K. T. & K. will have a hand-some new dinner set on the market for the spring trade, it being reported that Gotham & Lockett have about completed the modeling. The new set has not been named as yet. It is said to be quite a departure from the conventional ideas, and that it will be severely plain and without the scalloped edge. It is also reported that Gotham & Lockett are designing a new plain edge dinner set for Vodrey's.

NOTES OF THE POTTERIES.

It is stated that Joshua Chadwick will take the saucer jigger at the Wallace & Chetwynd, vacated by Bud Carr.

Claud Gigax, of the decorating department at the K. T. & K., is spending the holidays with his mother at Zanesville.

John Hicks, bench boss at the Dresden, has returned from a visit to his son who is attending the State University of Columbus.

Smart Edgell, formerly business manager of the Operative Potter, was here this week mingling with his many friends. He is now an advance agent for an electric bath concern and seems to be out of the trade permanently. He put in a number of years at the K. T. & K. as a castor, a trade in which few are now employed.

OHIO CENTENNIAL

Historical Society Trying to Interest Schools in Cele- bration.

The Ohio Historical Society is making preparations to interest the schools of the state to take part in the centennial celebrations which will be held February 27 of the coming year. Circulars have been sent out to all the

county examining boards to interest them in having some sort of celebration in commemoration of this event in the history of the state.

The annual distribution of histories of the state will be made within a few weeks. Each senator and representative receives 10 copies which are to be placed in schools. There has been complaint in the past that the books have found their way into the hands of friends heretofore and have not been placed where they have done the most good. One instance is reported where the Howe Historical collection is now doing service as a scrap book in which to paste family recipes.

The county board of examiners in each county have been notified to look out for the distribution and ask their representatives to place the books in the high school libraries.

VOYAGE WAS

Judge J. A. Ambler And Miss Mary McNab, Passengers of Transport Sherman.

Miss Mary McNab, daughter of Attorney and Mrs. M. C. McNab, of Youngstown, and her grandfather, Judge J. A. Ambler, were among the passengers on board the United States transport Sherman, which reached Manila Sunday morning after a perilous voyage.

A dispatch from Manila concerning the narrow escape of the boat from shipwreck says: The United States army transport Sherman struck a rock near San Bernardino light, south of Luzon, Friday night. The transport sustained a heavy shock and some of her plates were damaged.

After the accident 23 inches of water was found in her forward bilges, but was controlled by steady pumping. The steamer proceeded for Manila under her own steam and arrived here Sunday.

When the Sherman struck the passengers on board were terrified, but there was no disorder. They promptly took their stations with life preservers on in the small boats. The officers of the Sherman handled the situation splendidly. Her cargo was not damaged. It probably will be necessary for her to dock at Hong Kong.

Miss McNab and her grandfather expect to remain in Manila until next summer, guests of Judge B. S. Ambler.

At a late hour the guests took their departure, wishing their young friend many happy returns of the day.

SALINEVILLE

Salineville, December 31. — Dr. Charles Vasey, after a holiday visit with his parents, Mr. and Mrs. Robert Vasey, of the Southside, has returned home to Youngstown.

Rev. J. H. Rose, a theological student, preached at the U. P. church last Sunday evening. Next Sunday he was stricken with the mumps.

Two quiet weddings took place here at the Presbyterian parsonage, Rev. J. L. Grimm officiating. The contracting parties were Mr. Poste, of Michigan, and Miss Ida Hubenthal, of Salineville, and Alexander Johnson, a clay worker, and Miss Della Groves, of the West End.

Mrs. Henry Allison, accompanied by her children, is spending the holidays with relatives in New Cumberland, W. Va. Mr. Allison is a worker at the Dresden pottery.

The wife of Rev. Chester Sprague, of Bethany, W. Va., is at the bedside of her father, Aaron Westlake, who is prostrated with broken limb.

William Dodds, one of the city merchants, was in Canonsburg, Pa., on business lately.

Mrs. Ann Maple, an aged and much esteemed resident, is spending the holidays with her daughter at Cleveland.

Samuel McClelland, an aged veteran of the Thirty-second regiment, O. V. L., spent a few days of the holiday season with his children in Wellsville and East Liverpool.

Harvey B. Haverfield, bookkeeper for the Citizens' Banking company, has been visiting his old home in Cadiz.

At the Orr homestead James C. Dawson, of Toledo, and Miss Madge D. Orr were married by Rev. J. L. Grimm, of the Presbyterian church.

EAST END

WANDERER TAKEN IN

He Was Trying the Doors of East End Business Places When Arrested.

A fellow giving his name as Pete Snyder, whose chief occupation is in being a wanderer on the face of the earth was arrested in the East End last night by Officer Fisher and given a cold ride in the patrol wagon to the station house. Snyder was noticed around that part of town during the evening and was able to secure a number of drinks at one of the saloons. His credit being soon exhausted there he made the rounds of the business houses soliciting donations to the booze fund. He was successful in a number of places as the charitable spirit of Christmas time was still present.

After exhausting his supply of money and about 11 o'clock Snyder was discovered trying the doors of the business houses along Mulberry street. As that business belongs solely to the night watchman it was considered best to arrest him. Accordingly the patrol was sent for and he was lodged in the station house.

At the city hall this morning Snyder told Officer Morris that he was a structural iron worker and had been employed on the new bridge at Mingo until the beginning of his present spree. He frankly admitted to the officer that drink was getting the better of him and that he feared sometimes that he was going crazy. There were no signs of insanity this morning when he was released.

COASTING ACCIDENTS

Are Numerous On Pennsylvania Avenue Hill—A Girl's Ankle Sprained.

The hill along Pennsylvania avenue, in the East End, affords excellent place for coasting at the present time. Every afternoon and evening a large number of children and young people gather there and spend several hours with bob sleds. On account of the large number of people engaged in the sport and the steepness of the hill several accidents have occurred. Miss Brown, of St. George street, fell from a sled last night and sustained a severely wrenched ankle. She was assisted to her home and will be confined to her room for several days on account of the accident. Several small boys also were the victims of minor accidents last night while coasting on the hill. Several sleds collided but fortunately no one was injured aside from a few scratches and slight bruises.

Twenty-One New Members.

A watch night service will be held tonight at the P. H. C. hall in the East End. Last night 21 new members were initiated into the organization, and after the regular business of the lodge was over a program was given. One of the most interesting numbers was a spirited debate on the question of woman suffrage. Three members took each side of the question and the debate lasted for more than an hour. The judges awarded the decision to the affirmative side.

Funeral of W. P. Cochran.

The funeral service over the remains of William P. Cochran, who died Monday morning at his home on Mulberry street, East End, were held last night at the house. Rev. D. W. McQuiston had charge of the services and was assisted by Rev. James N. Swan. This morning the remains were taken to Mill Creek cemetery.

try JELLO, prepared according to the following recipe:

WINE JELLY.

One package Lemon Jell-O, 1 pint of boiling water, 1 cup of sugar, 1 cup of sherry wine, juice of six oranges. Cut each orange in two, being careful not to break the case. When jelly is partly congealed, fill cases and set in a cool place. Serve with whipped cream piled on top. May be served in sherbet cups if desired. A delicious wine jelly can also be made by adding one glass of good sherry or port wine to any of the Jell-O flavors.

A nice dessert for any meal, at any time. Four flavors—Lemon, Orange, Raspberry and Strawberry.

Church Reception.

One of the features of New Year's day in the East End tomorrow will be the reception at the Second U. P. church by the pastor and members of the session. This will be held from 2:30 till 5 p. m. All members of the church and friends of the congregation are invited to be present and make a good start on the new year.

Daughter Seriously Ill.

Mrs. A. Rodgers, of St. George street, was called to Colebrook this morning, having received a message that her daughter was seriously ill with typhoid fever. This is the second daughter of Mrs. Rodgers to be taken seriously ill with fever in the past few weeks.

EAST END AFFAIRS.

A masquerade dance will be given tonight at Larkins & Ferguson's hall in the East End.

Mart Calhoun left this morning for Cleveland, where he will spend a few days visiting his aunt.

William Finley, of Manley's band, has recently received a fine new coronet for use during the coming sea son.

Henry Goodballet, of the East End who has been seriously ill for several weeks with typhoid fever, is slightly improved.

Taylor Larkins, who was injured slightly in a smashup on Fifth street yesterday, was able to be out this morning and suffered no bad effects aside from a few scratches.

John McKinnon and wife, of Brad dock, Pa., and Harrington McKinnon and wife, of Beaver Falls, Pa., returned to their homes yesterday afternoon after a pleasant visit with George McKinnon, of the East End.

Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

COMMITTEE NAMED TO HOLD CONFERENCE

ANOTHER MOVE IN K. OF L. AND N. B. OF O. P. MERGER.

Trenton Organization Believed to Be Holding Out for Terms from Brotherhood.

Trenton, N. J., December 31.—The Knights of Labor have appointed a committee to confer with Vice President Frank H. Hutchins, relative to joining the National Brotherhood of Operative Potters.

The committee has not as yet made its appearance at the Brotherhood headquarters, but it is highly probable that a definite understanding will be reached by both factions by the end of the week.

Those who are advocating the affiliation with the Brotherhood are hopeful that the organization will come to some definite conclusion at the meeting to be held next week.

From what can be learned the Knights of Labor are holding out for terms and from what can be learned the Brotherhood is not likely to offer any concessions, but, on the other hand, insists that each individual file a separate application for membership, the same as any other potter who is desirous of joining the organization.

There are a few in the Knights of Labor who still adhere to their old-time prejudice against the Brotherhood and are found opposing the plans for affiliating with a society, which, during the past year has made more progress than any labor organization in the United States.

The Brotherhood since last January, according to the figures given out by Secretary T. J. Duffy, of East Liverpool, has added 3,000 potters to its membership. A large part of this increase is credited to Mr. Hutchins, who, in the past year, has been instrumental in not only recruiting new members, but in the formation of locals, which have added greatly to the influence wielded by the National Brotherhood of Operative Potters in this city.

WABASH WANTS LISBON CONNECTION

The Big Railroad Reported Trying to Absorb the P. L. & W. Line.

Youngstown, December 31.—Reports are in circulation that negotiations are pending for the consolidation of the Lake Erie, Youngstown & Southern railroad with the Pittsburgh, Lisbon & Western railroad, the Lake Erie, Youngstown & Southern to be used as a Wabash connection.

Harry G. Hamilton, who laid out the Lake Erie, Youngstown & Southern railroad, and is pushing the construction of the line, said that nothing had been done regarding such a combination. Mr. Hamilton said the charter for his road provides for the building of a coal and limestone road from this city to the coal fields around Poland with a branch line running to the limestone quarries along the Pennsylvania state line.

It is probable that a deal will be made between Mr. Hamilton and Myron T. Herrick, who is managing the Pittsburgh, Lisbon & Western line, that will be satisfactory to both parties.

THE CODE IN CANTON

Councilman Deadlock Broken, Salaries Fixed And City Redistricted.

Canton, December 31.—All the councilmanic deadlocks are broken, and the city is now ready for business under the new code. The salary of the mayor has been fixed at \$1,000, solicitor \$2,600, auditor \$1,600, public service board members \$1,000 each, public safety board \$200, president of council \$500, councilmen \$100.

The city was redistricted by wiping out the Fifth ward, giving one of its precincts to the Fourth and one to the Sixth.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

LIFE PLANT

FOR KIDNEY TROUBLE

READ WHAT HE SAYS

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co.,
Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiful contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder, of No. 535

Bergen Street, Brooklyn, N. Y., has used

Wine of Cardui and she says it helped

her into a new life. Health to Miss

Snyder is worth a great deal.

FOR NEW YEAR'S DINNER DESSERT,

try JELLO, prepared according to the following recipe:

WINE JELLY.

One package Lemon Jell-O, 1 pint of bottling wine, 1 cup of sugar, 1 cup of sherry wine, juice of six oranges. Cut each orange in two, being careful not to break the case. When jelly is partly congealed fill cases and set in a cool place. Serve with whipped cream or plain cream top. May be served with cream if desired. A delicious wine jelly can also be made by adding one glass of good sherry or port wine to any of the Jell-O flavors.

A nice dessert for any meal, at any time. Four flavors—Lemon, Orange, Raspberry and Strawberry.

At grocers, 10 cents.

about nine miles from Chester, where several other members of the family have been buried.

Church Reception.

One of the features of New Year's day in the East End tomorrow will be the reception at the Second U. P. church by the pastor and members of the session. This will be held from 2:30 till 5 p. m. All members of the church and friends of the congregation are invited to be present and make a good start on the new year.

Daughter Seriously Ill.

Mrs. A. Rodgers, of St. George street, was called to Colebrook this morning, having received a message that her daughter was seriously ill with typhoid fever. This is the second daughter of Mrs. Rodgers to be taken seriously ill with fever in the past few weeks.

EAST END AFFAIRS.

A masquerade dance will be given tonight at Larkins & Ferguson's hall in the East End.

Mart Calhoun left this morning for Cleveland, where he will spend a few days visiting his aunt.

William Finley, of Manley's band, has recently received a fine new coronet for use during the coming sea son.

Henry Goodballet, of the East End who has been seriously ill for several weeks with typhoid fever, is slightly improved.

Taylor Larkins, who was injured yesterday in a smashup on Fifth street, was able to be out this morning and suffered no bad effects aside from a few scratches.

John McKinnon and wife, of Brad dock, Pa., and Harrington McKinnon and wife, of Beaver Falls, Pa., returned to their homes yesterday afternoon after a pleasant visit with George McKinnon, of the East End.

Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

COMMITTEE NAMED TO HOLD CONFERENCE

ANOTHER MOVE IN K. OF L. AND N. B. OF O. P. MERGER.

Trenton Organization Believed to Be Holding Out for Terms from Brotherhood.

Trenton, N. J., December 31.—The Knights of Labor have appointed a committee to confer with Vice President Frank H. Hutchins, relative to joining the National Brotherhood of Operative Potters.

The committee has not as yet made its appearance at the Brotherhood headquarters, but it is highly probable that a definite understanding will be reached by both factions by the end of the week.

Those who are advocating the affiliation with the Brotherhood are hopeful that the organization will come to some definite conclusion at the meeting to be held next week.

From what can be learned the Knights of Labor are holding out for terms and from what can be learned the Brotherhood is not likely to offer any concessions, but, on the other hand, insists that each individual file a separate application for membership, the same as any other potter who is desirous of joining the organization.

There are a few in the Knights of Labor who still adhere to their old-time prejudice against the Brotherhood and are found opposing the plans for affiliating with a society, which, during the past year has made more progress than any labor organization in the United States.

The Brotherhood since last January, according to the figures given out by Secretary T. J. Duffy, of East Liverpool, has added 3,000 potters to its membership. A large part of this increase is credited to Mr. Hutchins, who, in the past year, has been instrumental in not only recruiting new members, but in the formation of locals, which have added greatly to the influence wielded by the National Brotherhood of Operative Potters in this city.

WABASH WANTS LISBON CONNECTION

The Big Railroad Reported Trying to Absorb the P. L. & W. Line.

Youngstown, December 31.—Reports are in circulation that negotiations are pending for the consolidation of the Lake Erie, Youngstown & Southern railroad with the Pittsburg, Lisbon & Western railroad, the Lake Erie, Youngstown & Southern to be used as a Wabash connection.

Harry G. Hamilton, who laid out the Lake Erie, Youngstown & Southern railroad, and is pushing the construction of the line, said that nothing had been done regarding such a combination. Mr. Hamilton said the charter for his road provides for the building of a coal and limestone road from this city to the coal fields around Poland, with a branch line running to the limestone quarries along the Pennsylvania state line.

It is probable that a deal will be made between Mr. Hamilton and Myron T. Herrick, who is managing the Pittsburg, Lisbon & Western line that will be satisfactory to both parties.

THE CODE IN CANTON

Councilman Deadlock Broken, Salaries Fixed And City Redistricted.

Canton, December 31.—All the councilmanic deadlocks are broken, and the city is now ready for business under the new code. The salary of the mayor has been fixed at \$1,000, solicitor \$2,600, auditor \$1,600, public service board members \$1,000 each, public safety board \$250, president of council \$500, councilmen \$500.

The city was redistricted by wiping out the Fifth ward, giving one of its precincts to the Fourth and one to the Sixth.

WEDNESDAY, DECEMBER 31, 1902.

The year 1902 has been a prosperous one in other than the business sense of the term. While commerce and industry in America have been breaking all records and surprising all the world by the magnitude and extent of their steadily expanding operations; while the great railroads, with immensely enlarged facilities, have found themselves, for the first time in their history, burdened with business greater than they could handle; while throughout the whole land, men who live by the work of their hands, have found work in abundance, generally at better wages than they ever before received; while, instead of a glutted labor market there has been a steady and increasing demand for more workers; while factories have been enlarging, new and handsome homes for prosperous people have been in process of erection, and while bank accounts have been expanding at a rate perhaps hitherto unprecedented, there have been other and more welcome evidences of genuine progress. Gifts to educational institutions have seldom if ever been so numerous or munificent. The churches have enjoyed steady growth and have been furnished with means for enlarging their buildings and extending their work of usefulness. In East Liverpool we see evidences of the spirit of the times. The completion and dedication of the Carnegie free library, an institution that will be helpful and useful to the friends of literature and education for a time; the erection of a handsome new school-building to meet the needs of a growing section of the city; the projected building of new churches, one of them well on the way to completion; all these, as well as other instances that could be cited, are the most gratifying and satisfactory proofs of genuine progress, far outweighing in value the financial and business advancement of which they are the accompaniment.

The world certainly is growing better. The spirit of encouragement for religion, education and philanthropy was never so active or energetic. With the whole world at peace and great minds everywhere vying with each other to provide for the comfort, happiness and welfare of humankind, the wish for Happy New Year, now cast on all sides, means more than usual as the third year of the twentieth century dawns.

It has been a happy old year for the News Review. During 1902 we have added new features, new subscribers and extensive improvements to the mechanical department of the office, and now have ample facilities for getting out our big edition, by far the largest of any published in East Liverpool. We have convincingly demonstrated our belief that the people of this city and county appreciate and will cordially support a clean, honest and enterprising home paper. That we have met the popular demand most satisfactorily is proven by an increase of nearly 1,000 in our daily circulation, while a greatly enlarged advertising patronage speaks for itself. The News Review is grateful for this substantial evidence of appreciation of its efforts and assures all its friends that

in the future, as in the past, it will continue to give them the best local newspaper East Liverpool ever had.

Bishop Fowler, in an address before the Beaver county teachers, told them that the president of a railroad company, whose salary was \$25,000 a year, earned his money, and that many railroad brakemen did not earn the \$1.50 per day wages paid them. If the bishop were to take a trip on a Conway drag on a frosty night on the C. & P. he would doubtless be convinced that some brakeman at least earn all they get.

New banks were organized in the United States at the rate of more than one a day for each day in the past year. This speaks volumes in regard to business expansion.

The best way to make a happy New Year for yourself is to strive to make others happy. Selfishness and greed result in no true gain.

Bradstreet's says the past year was the best of all years in the business world. The indications all favor a still better one in 1903.

An Indian named Bear Tracks has been elected to the South Dakota legislature. Nobody is likely to tramp on his toes.

Senator Hanna very wisely leaves it to the Republicans of Ohio to decide whom they want for governor.

New Year's resolutions are commendable only when they are made not to be broken.

OBITUARY

H. D. Jordan.

H. D. Jordan, father of Rev. C. G. Jordan, pastor of the First Presbyterian church, in this city, died at his home in Volant, Pa., last night. Mr. Jordan was 77 years of age, and his death was due to the infirmities of old age. He had been in ill health for several years, but his condition was not serious until within the past four weeks. On account of his advanced age the illness affected him more severely that it would in the case of a younger man, and his death was not unexpected.

Mr. Jordan is survived by his wife and four children: Mrs. D. D. Simson, Mrs. V. O. Wilkin, both of Volant, Pa., S. S. Jordan, a medical student at the Western University of Pennsylvania, and Rev. C. G. Jordan, of this city. The deceased was one of the most highly respected citizens of his native town, and enjoyed the respect and esteem of all. Rev. Mr. Jordan has the sympathy of his congregation and a large circle of friends here. No arrangements have been made for the funeral, but it is thought the services will be conducted Friday afternoon. Rev. Mr. Jordan expects to return to this city in time to conduct the usual Sunday services at the First Presbyterian church.

William McElwain.

William McElwain, of Allegheny, died this morning at his home in that city after an illness lasting only a few days. Mr. McElwain was a well known young married man formerly residing in New Cumberland. He is about 25 years of age and has been married but a year. A few days ago he contracted a severe cold which resulted in pneumonia. His condition gradually grew worse and this morning death resulted. Mr. McElwain was a resident of New Cumberland for several years before he removed to Pittsburgh and was a member of one of the most prominent families in that city. His death will be deeply deplored by a large circle of friends in this country.

MRS. EDWARD DEARY APPLIES FOR DIVORCE

An East Liverpool Wife Claims Her Husband Has Wilfully Neglected Her.

Lisbon, December 31.—(Special)—Mary A. Deary, of East Liverpool, has sued for divorce from Edward Deary. They were married at Tiltonville December 13, 1894.

Mrs. Deary charges wilful absence and neglect, and alleges that, as she is sickly and unable to provide for herself, she has been compelled to accept charity. W. B. Hill is plaintiff's attorney.

most valuable coal field which has hitherto not been fully developed.

This valuable mineral deposit lies in the vicinity surrounding the village of New Albany, Calla and Greenford. The road if constructed will run but a few miles north of this city and would be a great boon to the people of that vicinity. The fact that Cleveland capitalists are said to be back of the project, Mark Hanna, among others, lends color to the scheme and will cause many to look upon it with considerable favor.

FRIENDS AND VISITORS

E. H. Sebring, of Sebring, is in the city.

Miss Ruth Smith, is visiting friends in Steubenville.

David Sample is home from a business trip to New York.

R. J. McNeese, of Cleveland, is visiting at the home of John Hester, West End.

Louis Steinfeld and Harry Koch were Pittsburg business visitors yesterday.

John Howard left today for Sebring to visit friends. From there he will go to Cleveland.

William Daugh, of the Daugh Crockery & Glassware company, of Toledo, is in town.

Harry Connor, wife and daughter, of North Lewisburg, are the guests of J. H. Fowler and wife, Grant street.

M. K. Montgomery, of Kinnier, Montgomery & Co., Lynchburg, Va., is in the city making pottery selections.

Col. L. S. Hein, representing the Pacific Crockery & Tinware company, of San Francisco, is in town placing orders.

Justice J. N. Rose, wife and grandson, James Rose, arrived in the city today from Owensboro, where they spent the holidays.

George Feist and Peter and Ed Feist, of Steubenville, were in the city yesterday, attending the funeral of George DeTemple.

Miss Gertrude Baker, librarian at the Carnegie institution, who has been ill for several weeks, has almost entirely recovered and will return to her duties this week.

William Gaston, of Fifth street, left Saturday morning on the 1:36 train for Battle Creek, Mich., where he will remain about six weeks to be treated for stomach trouble.

Mrs. K. P. Beattie, of Walnut street, has returned from a several weeks' stay at the sanitarium at Battle Creek, Mich. She was accompanied by Mr. Beattie, who left several days ago to bring her home.

The many friends of Dr. J. Howard Davis will be pleased to learn that he has sufficiently recovered from an attack of grip and pneumonia to resume his practice. He was in his office yesterday afternoon for the first time in a week.

Misses Anna and Nina Lee, of East Liverpool, who has been spending the past week in Salem as the guests of Misses Nellie and Lottie Lowry, of Garfield avenue, started homeward yesterday. Miss Anna went to Pittsburg for a short visit.

AT THE THEATER

The Morrison version of "Faust," the masterpiece of Goethe, the greatest poet Germany has ever known, was presented at the Grand last evening to an audience representing the culture and the wealth of the city. The verdict is that it was the best production of the immortal play ever given in this city and that George S. Trimble as Mephisto excelled even Lewis Morrison. The incidental music by the Faust sextette was well received. The production was the original Lewis Morrison and carried all the magnificent scenery so material in the success of the play. The scenic effects and cost

tumes were on an elaborate scale.

The Brocken scene where Mephisto reveals to Faust the revels of the demons and the vision of Marguerite in prison are worthy of particular mention.

"When the Bell Tolls," which will be produced at the Grand on January 5, scored a great success at St. Louis, recently. The "Chronicle," of that city, in the criticism says: "Its plot is intricate enough for a three volume novel, and it scored a splendid hit twice, Sunday, drawing capacity houses, which in vociferous demonstrations approved of everything that happened. It is a story of a much wronged husband and an erring wife, attractively told. She goes from bad to worse and finally causes him to be left dying after a sensational duel in a snow storm on Mt. Blanc, in the Alps. The wounded man is rescued by St. Bernard dogs and cared for at the monastery. Upon his recovery he follows her and is finally avenged, the adventuress dying by her own hand."

Unable to find a trill in this world strong enough to please his fancy a modern playwright has gone in to the next and come back with a ghost. The play is "The Silver Dagger," by Mark E. Swan. The visitor from the next world is used throughout the play with telling effect, and is the cause of tremendous denouement, which literally lifts the audience to its feet. As a thrill-maker the ghost in "The Silver Dagger" takes precedence over any effect devised for dramatic plays in recent years. At the Grand New Year's day matinee and night.

The Twentieth Century Minstrels will be the attraction at the Grand to night. The production is the result of hard work and careful preparation on the part of the entire company, and promises to surpass anything of the kind ever attempted in the city. The advance sale is phenomenal and it is doubtful if there will be a ticket left on the board when the curtain rings up. A splendid street parade was given at noon in which the entire troupe headed by a military band, participated.

OBITUARY

H. D. Jordan.

H. D. Jordan, father of Rev. C. G. Jordan, pastor of the First Presbyterian church, in this city, died at his home in Volant, Pa., last night. Mr. Jordan was 77 years of age, and his death was due to the infirmities of old age. He had been in ill health for several years, but his condition was not serious until within the past four weeks. On account of his advanced age the illness affected him more severely than it would in the case of a younger man, and his death was not unexpected.

Mr. Jordan is survived by his wife and four children: Mrs. D. D. Simson, Mrs. V. O. Wilkin, both of Volant, Pa., S. S. Jordan, a medical student at the Western University of Pennsylvania, and Rev. C. G. Jordan, of this city. The deceased was one of the most highly respected citizens of his native town, and enjoyed the respect and esteem of all. Rev. Mr. Jordan has the sympathy of his congregation and a large circle of friends here. No arrangements have been made for the funeral, but it is thought the services will be conducted Friday afternoon. Rev. Mr. Jordan expects to return to this city in time to conduct the usual Sunday services at the First Presbyterian church.

William McElwain.

William McElwain, of Allegheny, died this morning at his home in that city after an illness lasting only a few days. Mr. McElwain was a well known young married man formerly residing in New Cumberland. He is about 25 years of age and has been married but a year. A few days ago he contracted a severe cold which resulted in pneumonia. His condition gradually grew worse and this morning death resulted. Mr. McElwain was a resident of New Cumberland for several years before he removed to Pittsburgh and was a member of one of the most prominent families in that city. His death will be deeply deplored by a large circle of friends in this country.

John Howard left today for Sebring to visit friends. From there he will go to Cleveland.

William Daugh, of the Daugh Crockery & Glassware company, of Toledo, is in town.

Harry Connor, wife and daughter, of North Lewisburg, are the guests of J. H. Fowler and wife, Grant street.

M. K. Montgomery, of Kinnier, Montgomery & Co., Lynchburg, Va., is in the city making pottery selections.

Col. L. S. Hein, representing the Pacific Crockery & Tinware company, of San Francisco, is in town placing orders.

Justice J. N. Rose, wife and grandson, James Rose, arrived in the city today from Owensboro, where they spent the holidays.

George Feist and Peter and Ed Feist, of Steubenville, were in the city yesterday, attending the funeral of George DeTemple.

Miss Gertrude Baker, librarian at the Carnegie institution, who has been ill for several weeks, has almost entirely recovered and will return to her duties this week.

William Gaston, of Fifth street, left Saturday morning on the 1:36 train for Battle Creek, Mich., where he will remain about six weeks to be treated for stomach trouble.

Mrs. K. P. Beattie, of Walnut street, has returned from a several weeks' stay at the sanitarium at Battle Creek, Mich. She was accompanied by Mr. Beattie, who left several days ago to bring her home.

The many friends of Dr. J. Howard Davis will be pleased to learn that he has sufficiently recovered from an attack of grip and pneumonia to resume his practice. He was in his office yesterday afternoon for the first time in a week.

Misses Anna and Nina Lee, of East Liverpool, who has been spending the past week in Salem as the guests of Misses Nellie and Lottie Lowry, of Garfield avenue, started homeward yesterday. Miss Anna went to Pittsburg for a short visit.

AT THE THEATER

The Morrison version of "Faust," the masterpiece of Goethe, the greatest poet Germany has ever known, was presented at the Grand last evening to an audience representing the culture and the wealth of the city. The verdict is that it was the best production of the immortal play ever given in this city and that George S. Trimble as Mephisto excelled even Lewis Morrison. The incidental music by the Faust sextette was well received. The production was the original Lewis Morrison and carried all the magnificent scenery so material in the success of the play. turns were on an elaborate scale. The Brocken scene where Mephisto reveals to Faust the revels of the demons and the vision of Marguerite in prison are worthy of particular mention.

"When the Bell Tolls," which will be produced at the Grand on January 5, scored a great success at St. Louis, recently. The "Chronicle," of that city, in the criticism says: "Its plot is intricate enough for a three volume novel, and it scored a splendid hit twice, Sunday, drawing capacity houses, which in vociferous demonstrations approved of everything that happened. It is a story of a much wronged husband and an erring wife, attractively told. She goes from bad to worse and finally causes him to be left dying after a sensational duel in a snow storm on Mt. Blanc, in the Alps. The wounded man is rescued by St. Bernard dogs and cared for at the monastery. Upon his recovery he follows her and is finally avenged, the adventuress dying by her own hand."

Unable to find a trill in this world strong enough to please his fancy a modern playwright has gone in to the next and come back with a ghost. The play is "The Silver Dagger," by Mark E. Swan. The visitor from the next world is used throughout the play with telling effect, and is the cause of tremendous denouement, which literally lifts the audience to its feet. As a thrill-maker the ghost in "The Silver Dagger" takes precedence over any effect devised for dramatic plays in recent years. At the Grand New Year's day matinee and night.

The Twentieth Century Minstrels will be the attraction at the Grand to night. The production is the result of hard work and careful preparation on the part of the entire company, and promises to surpass anything of the kind ever attempted in the city. The advance sale is phenomenal and it is doubtful if there will be a ticket left on the board when the curtain rings up. A splendid street parade was given at noon in which the entire troupe headed by a military band, participated.

WEDNESDAY, DECEMBER 31, 1902.

The year 1902 has been a prosperous one in other than the business sense of the term. While commerce and industry in America have been breaking all records and surprising all the world by the magnitude and extent of their steadily expanding operations; while the great railroads, with immensely enlarged facilities, have found themselves, for the first time in their history, burdened with a business greater than they could handle; while throughout the whole land, men who live by the work of their hands, have found work in abundance, generally at better wages than they ever before received; while, instead of a glutted labor market there has been a steady and increasing demand for more workers; while factories have been enlarging, new and handsome buildings and countless homes for prosperous people have been in process of erection, and while bank accounts have been expanding at a rate perhaps hitherto unprecedented, there have been other and more welcome evidences of genuine progress. Gifts to educational institutions have seldom if ever been so numerous or munificent. The churches have enjoyed steady growth and have been furnished with means for enlarging their buildings and extending their work of usefulness. In East Liverpool we see evidences of the spirit of the times. The completion and dedication of the Carnegie free library, an institution that will be helpful and useful to the friends of literature and education for all time; the erection of a handsome new school-building to meet the needs of a growing section of the city; the projected building of new churches, one of them well on the way to completion; all these, as well as other instances that could be cited, are the most gratifying and satisfactory proofs of genuine progress, far outweighing in value the financial and business advancement of which they are the accompaniment.

The world certainly is growing better. The spirit of encouragement for religion, education and philanthropy was never so active or energetic. With the whole world at peace and great minds everywhere vying with each other to provide for the comfort, happiness and welfare of humankind, the wish for a Happy New Year, now echoed on all sides, means more than usual as the third year of the twentieth century dawns.

It has been a happy old year for the News Review. During 1902 we have added new features, new subscribers and extensive improvements to the mechanical department of the office, and now have ample facilities for getting out our big edition, by far the largest of any published in East Liverpool. We have convincingly demonstrated our belief that the people of this city and county appreciate and will cordially support a clean, honest and enterprising home paper. That we have met the popular demand most satisfactorily is proven by an increase of nearly 1,000 in our daily circulation, while a greatly enlarged advertising patronage speaks for itself. The News Review is grateful for this substantial evidence of appreciation of its efforts and assures all its friends that

Hood's Sarsaparilla

Hood's PILLS are the best cathartic.

In the future, as in the past, it will continue to give them the best local newspaper East Liverpool ever had.

Bishop Fowler, in an address before the Beaver county teachers, told them that the president of a railroad company, whose salary was \$25,000 a year, earned his money, and that many railroad brakemen did not earn the \$1.50 per day wages paid them. If the bishop were to take a trip on a Conway drag on a frosty night on the C. & P. he would doubtless be convinced that some brakeman at least earn all they get.

New banks were organized in the United States at the rate of more than one a day for each day in the past year. This speaks volumes in regard to business expansion.

The best way to make a happy New Year for yourself is to strive to make others happy. Selfishness and greed result in no true gain.

Bradstreet's says the past year was the best of all years in the business world. The indications all favor a still better one in 1903.

STRICKLIN'S TROUBLES

OF A DOMESTIC NATURE ARE APPARENTLY ON THE INCREASE.

Wife Slammed Door In His Face—Whitecap Notice Sent to Her.

Samuel Stricklin, who, it will be remembered, was turned out of his home, in the vicinity of the storm sewer and Twelfth streets a few nights ago, when seen this morning by a representative of this paper stated that he went to his home this morning and after summoning his wife to the door tried to get into the house. He states that when his wife saw who he was she slammed the door in his face and would not let him in. He says: "I kicked the door in though and went in and got warm by the fire."

Stricklin states that he learned later from a neighbor that Mrs. Stricklin had been served with a "whitecap" notice and that it informed her if she did not take her husband back into the home and get rid of Anderson, the boarder who is the cause of the separation between Mrs. Stricklin and her husband, that both she and Anderson would be taken out by a crowd of indignant West End people and stripped, after which they were to ride on a rail and be given a coat of tar and feathers.

Stricklin says: "If I had the law in my hands for about an hour, I would soon fix them both." The outcome of the trouble between Stricklin and his "frow" will be watched with interest.

THE NEW SWITCH

Discussed By Railroad Officials And the Railroad Committee of Council.

The committee of council on railroad encroachments met yesterday in the council chamber with railroad officials to talk over matters relative to the new switch. The officials requested council to grant them permission to start at once to grade several of the streets back of the city to the required grade and use the surplus dirt for filling in purposes for the new switch.

Permission was granted by the committee and Phillip Morley and the Laughlin Bros., both of East Liverpool contractors, will start with the work on Monday. The C. & P. evidently wish to rush the work on the switch.

SUIT AGAINST SPIRES

The Wellsville Constable to Be the Defendant in an Action By Mrs. Powell.

What promised to be a lively and interesting law suit is to come up some time this week in which Constable Spires is to be made the defendant.

The plaintiff in the case is Mrs. C. L. Powell, whose husband left home several weeks ago and left his wife in unpleasant circumstances. She claims exemptions under the Homestead law. Her attorney will take mandamus proceedings against the defendant. The exemptions in this case amount to more than the assets. The case will come up in common pleas court. The exact date is not set.

INDIAN CLUB BALL

Dance Given By the Engineering Corps One of the Events of the Season.

The dance given last evening by the engineering corps of the C. & P. road in this city, who term themselves the "Indian Club," was one of the finest affairs of its kind that has been given in Wellsville this season.

For an exclusive dance it was the limit. Only a few invitations were extended to people residing in Wellsville.

ville and those were to the society leaders of the town. Out of town guests were present from Wheeling, Alliance, Steubenville, East Liverpool, and other nearby towns. McGraws orchestra of East Liverpool rendered the music for the occasion. A luncheon was served to the guests late in the evening. The affair was a success in every way and the club members have decided to make the occasion an annual one.

BOYS HELD FOR COURT

Arrested By Railroad Detective On a Charge of Stealing Iron.

Ernest Seal and Warren Roberts, Wellsville boys, aged 23 and 14 respectively, were arrested last evening by Detective J. F. Moore, of the C. & P. railroad. They were charged with stealing \$40 worth of iron from the Pennsylvania company. They were given a hearing by the mayor and were bound over to court in the sum of \$100 each.

The detective states that the boys went together a few nights ago in a boat from the upper wharf to the railroad yards, at the lower end of town where they secured the iron and then returned with it to the upper wharf and hauled it to Scheckler, who deals in old iron, where it was found. The arrests are the result of smooth work on the part of Mr. Moore.

BOOKS IN GOOD SHAPE

Auditing Committee Reports On the Result of Examining Water Works Accounts.

At the regular meeting of the water works trustees held last evening, the auditing committee, composed of Frank Snowden and J. F. McQueen, gave in its report to the trustees. They reported Superintendent Perkins' books in first class condition and that the books balanced to a penny.

Matters were talked over by the trustees and their consulting engineers about the new plant to be erected for the water works. No important actions were taken.

Superintendent Perkins and his assistant, Miss Perkins, will turn over the office this evening to the new superintendent, C. C. Ewing, and his clerk, E. C. Taylor.

A Quiet Wedding.

A very quiet wedding took place last evening at the parsonage of the First M. E. church, Rev. Charles E. Clark performing the ceremony. The contracting parties were Miss Nancy P. Conn, daughter of Mrs. Minnie Conn, of Broadway, and Mr. William E. Knox, a popular young man employed at the mill. Only the immediate friends and relatives were present. Miss Conn was formerly employed as clerk in a local store. Mr. Knox played quarter back for the East Liverpool football team last season. They will reside for the present at the home of the bride.

HARD'S

SOUTH SIDE

THE LAST DAY

TOMORROW THE FIGHT WILL BE ON IN EARNEST.

How the Chester Situation Appears to the Interested On-looker.

Tomorrow the battle of the ballots takes place in Chester. The municipal election has been fraught with considerable interest, and the lucky ones will be known tomorrow night. Never since Chester was incorporated has so much interest been manifested as a municipal election. This has probably been caused by the number of improvements undertaken in the past year in the town. A progressive policy always causes discussion.

It does not necessarily mean that those who oppose men who have been working for improvements are opposed to the improvements in themselves. The general policy of the improvement may meet with their hearty approval, but a different plan for its fulfillment is suggested by different parties. This has been the cause for the present heated campaign.

Several months ago there was a diversity of opinion in the council over certain matters of public interest, and since that time the voters of the town have divided themselves into two political camps. There are two leading factions in local politics in Chester and along this line the campaign has been conducted. The question of being a Republican or Democrat has not figured in the contest at all.

At the first it seemed that the head of the ticket was where the fight would be made. Later it has developed that the lines are drawn down the entire ticket, and whoever is elected mayor of Chester will undoubtedly control the majority of the council. The election will be watched with interest, and many of the local politicians are busily engaged in telling who will win.

STORM DOORS FOR CARS

Rock Springs Line Will Soon Be Equipped With Closed Vestibules.

The new storm doors for the cars on the Rock Spring street car lines arrived this morning. Several cars already have the front closed, and as soon as the doors can be taken to the car-barns all of the cars will be fitted up in that manner. These doors have been ordered for more than six weeks, but owing to delays at the factory have just arrived.

At the meeting of the street car men's local last Saturday night the matter was referred to the prosecuting attorney of the county to compel the management of the East Liverpool railway to close the vestibules. Nothing has yet been heard in regard to the outcome, but other steps will be taken to compel the enforcement of this law if the cars are not closed.

ARRESTS ARE PROBABLE

If Any Residents Who Have Not a Right Attempt to Vote in Chester.

Politics were boiling today in Chester. It is said that wholesale arrests will be attempted tomorrow should parties attempt to vote who have no right to do so. The charge is openly made in some places that at the fall election several persons voted who had not been residents of the state a year, and if this is attempted again tomorrow, arrests will follow. The office of Justice W. C. Johnston was visited last night by parties who were intent on securing a warrant against one resident of the town who is quite prominent in politics locally on the charge of voting at the election in November when he had not been in the state for the required length of time. It is claimed as an open secret for some time that at previous elections persons have voted at Chester regardless of their previous residence there.

In fact they were said to have been urged to do so by the leaders of the different factions. Developments are awaited by residents of Chester with interest.

Millman Badly Burned.

Logan Snyder met with a terrible accident at the tin mill a few evenings ago while at work there. In some manner he slipped and fell on a quantity of hot iron, which burned through his clothes in a terrible manner. His body, arms and face were badly burned by the iron and he was taken to his home, where his burns were dressed as well as possible. His condition is now much improved and in a short time he will be able to be at work again.

New Well Expected In.

President W. H. Franzheim, of the La Belle Oil & Gas company, of Wheeling, was a business visitor in Chester today. He was here en route to the land leased by the company near Chester. One of the wells on which they have been working for several days was expected to come in today. Prospects are bright that this well will prove to be a paying investment.

Moving to Pittsburg.

City Engineer J. C. Boyd expects to move his family to Pittsburg today. He will remain in Chester himself, owing to his duties as the city engineer, requiring his presence here.

Clerks Chosen.

The election commissioners held a meeting last night and decided on the final details of the election to be held there tomorrow. Two clerks were selected to have charge of the poll books as follows: Robert Finley, of the Third ward, and George Ahrendts, of the Fifth ward.

CHESTER NOTES.

J. Howard Maxwell was a business visitor in Pittsburg today.

Justice A. G. Pugh will occupy his new office on Virginia avenue today.

Walter Allison is confined to his home in Chester with a severe attack of quinsy.

Mrs. J. L. Bernard and two little sons are visiting her sister near the Washington school house.

Arthur Allison expects to return to Morgantown, W. Va., Friday, where he will finish his year's studies.

Mr. and Mrs. Edward Riley, of Chester, left this morning to spend a few days visiting friends in Alliance.

Jesse Pugh, son of Squire A. G. Pugh, who has been ill for several days with the grip, is considerably improved.

Miss Anna Bonar returned to her home this morning in Wheeling after a short visit with her sister, Mrs. C. T. McCutcheon, of Virginia avenue.

Ohio Incorporators.

Trenton, N. J., Dec. 31.—The Pioneer Pole and Shaft company, capital \$3,000,000, was incorporated here yesterday to manufacture woodwork for carriages and other vehicles. The incorporators are F. M. Atherton, F. B. Theiss and H. E. Andress, all of Akron, O.

The coopers were easily the leaders of the day's market, the movement centering in Erie on account of the increase of \$341,540 in net earnings reported for November.

The decline in discount rates in London and the easier tone of exchange in response here had a reassuring effect as to possible future demands upon New York by London. The market closed strong and practically at the top.

Bonds were rather irregular. Total sales, par value, \$2,980,000.

United States bonds were all unchanged on the last call.

West Virginia Bar Association.

Wheeling, W. Va., Dec. 31.—The attendance at the annual meeting of the State Bar association was the largest in its history. Yesterday's features were the annual address by President George E. Price, devoted largely to an argument for the enactment of stringent laws placing the settlement of labor disputes and strikes in the hands of the courts, and the address of Hugh L. Bond, Jr., of Baltimore, counsel for the Baltimore and Ohio Railroad company, delivered at a public meeting at the Carroll club last night. His theme was "The Regulation of Industries by the National Government." He touched upon the trusts, but advanced no radical views.

St. Louis, Dec. 31.—The dead and mutilated body of Orrin Worthen, a coachman, was found in the rear of his employer's residence, in the West End, yesterday. Evidences of a terrific struggle were apparent. The police believe that robbery prompted the crime. No one witnessed the combat.

night but there will be the usual New Year's service tomorrow morning at 10:30 o'clock. The pastor, Rev. J. G. Reinartz, will deliver a sermon dwelling on the important events of the year just closed and the prospects of the year to come. The choir will render musical selections appropriate to the occasion.

"Holy Day" will be observed at the Catholic church tomorrow. Mass will be held at the regular Sunday hours, 8 and 10 o'clock. Vespers will be held at 3:30 o'clock in the afternoon.

There have been no special arrangements made for meetings in the East End churches. It is inconvenient for a majority of the members to attend services at so late an hour and it was thought best to declare the meetings off. Some of the churches will hold New Year's services tomorrow morning but even this service will not be generally observed.

Nearly all the clubs in the city will hold special meetings tonight to greet the new year. These meetings will be entirely of a social nature and at a number of them elaborate refreshments will be served so that the old year may be ushered out and the new one in amidst scenes of pleasure. This custom has been followed for years in this city and the programs at the different clubs for this year are more extensive and elaborate than in former years. There will also be an unusually large number of parties and other social gatherings.

DOCTOR'S DEFENSE

OF FOOTBALL

Prominent Chicago Physician Declares It Is Beneficial And Not Dangerous.

"The game is a good one," said Dr. J. M. Nicholson, a prominent Chicago physician, "Ask the writers of these anti-football articles if they ever stopped to sum up the deaths due to bicycle riding, deer hunting, boating, tennis, baseball, automobiling, or any other sport indulged in to any great extent. A recent issue of the American Medical Journal states that 24 deaths and 78 serious accidents were due to bicycle riding in one month. How many persons were drowned at the summer resorts this last summer? How many boys and men have deformed hands and internal injuries from baseball? In that very tame game (as some people think) of tennis, how many people are overcome with the heat and suffer sprained ankles? If football is played in the proper way and with a sufficient amount of training there is little danger. It is always on the teams where the boys get out for practice about twice a week that the serious accidents happen."

"Whither have our manly men gone? The general public knows we have enough young men weak from tobacco and drinks. Ask any coach and see if they are not willing to have 200 men out every night for practice, and your son can be one of the 200."

"Football is a game where the points of a gentleman are brought out. You see once in a while a player strike another, and the next minute you see that same player walking to the side lines and another man take his place. It is no honor to be put out."

"Let the boys play football and the girls other outdoor games. It will build up their systems, so when they enter a close room they will not contract all diseases, and if they happen to fall they will not break bones. If they do break a bone the recovery will be speedy. It is twice as quick in the healthy as in the sick."

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

We'll send you a little to try, if you like.

SCOTT & BOWNE, 409 Pearl street, New York.

Dan Patch, the son of Joe Patchen, has equaled the famous record of Star Pointer—1:59 1/4—and now shares the honor with the former king of pacers. Cresceus made another record for himself, trotting two miles in 4:17. This beats the previous record by nearly 11 seconds.

Prince Alert has been a sensational performer, going the mile in 2 flat and pacing a half mile in .57 3/4. There were nearly forty trotters and pacers doing the mile in 2:10 and better the past season.

New Country Club.

Beaver Falls, December 31.—The promoters of the Beaver Valley Country club, with grounds on Patterson Heights, have been called for a meeting some time soon after the New Year. It is expected that things will get into shape for getting the club house and grounds in shape early in the spring. At the start the membership will be from 200 to 250.

Ned Hanlon's Plans.

Baltimore will have a National League team next season if Ned Hanlon has anything to say about the matter. He has intimated as much, but is mute concerning the details of his plans. They are, of course, dependent upon the amicable settlement of the difficulties now existing in the baseball world.

Youngstown to Reorganize.

A call has been issued for a meeting of the Youngstown City League of Baseball clubs for the purpose of reorganization for the season of 1903. The meeting will take place Wednesday evening, January 14.

COUNTY AND NEIGHBORHOOD

Senator Elkins, of West Virginia, is credited with possessing a fortune of \$50,000,000.

The Bellaire, Zanesville & Cincinnati narrow gauge railroad is reported sold. It is said it will be made an electric road.

St. Steven's parish, Steubenville, has completed a handsome new church at a cost of \$15,000. It will soon be dedicated.

John T. Clark, the Cleveland lawyer who was found guilty of obtaining property under false pretense, was sentenced at Cambridge to 10 years in the penitentiary.

The new well of Freudenberger & Sinclair in the Knoxville field is reported good for 100 barrels. Their No. 1 is doing 130 barrels a day. Nos. 3 and 4 are being put down.

Rev. W. F. Macauley, Lit. D., formerly of Salem, has been dismissed from the presbytery of Mahoning to Cincinnati to enter upon the work in the Third Presbyterian church of that city.

Andrew Carnegie has offered to build Coshocton a public library building at a cost of \$15,000. To secure this the city must provide a site, and furnish \$1,500 a year to maintain the establishment.

The Co-Operative Glass and Electrical Manufacturing company, of Wheeling, has been incorporated with a capital of \$75,000. The incorporators are: E. J. Lutwysche, A. Lantry, E. W. Campbell, E. Kenney and George Oldman.

Married in the Dark.

Akron, December 31.—George Sapp and Mary Bradshaw were married here in total darkness. The novelty was not of their own choosing, but was all due to the temporary failure of the gas supply. The couple went to the office of Justice E. Koplin in the evening and found him in darkness. They made known their mission, and he being familiar with the ceremony, tied the knot without taking the trouble to borrow a lamp or lantern.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

OHIO'S CENTENNIAL

Program For the Event Outlined
by the Committee of Arrangements.

GREAT ARRAY OF TALENT

Take Part in the Exercises to Be Held at Chillicothe in May—Many Distinguished Ohioans to Make Addresses.

olumbus, December 31.—The committee to arrange the program for the celebration of Ohio's admission to the union, to be held in Chillicothe on May 20 and 21, met here and practically completed its work. Governor Nash will preside the first day and deliver the opening address. General Roeliff Brinkerhoff, of Mansfield, will preside the second day and deliver an address. The committee has selected some of the best known people in the country to contribute to the program.

Governor Nash, General Brinkerhoff and General Kefler were named a committee to go to Washington to invite President Roosevelt to be present and make an address. The program is outlined as follows:

"History of the Northwest Territory Up to the Settlement of Marietta," Senator John W. Daniels, Virginian.

"History of the Northwest Territory, Including the Marietta Settlement Up to 1799," Senator Henry Cabot Lodge, Massachusetts.

"History of the Territory From 1799 to the Organization of the State," President Woodrow Wilson, Princeton University.

"Date of Ohio's Admission And the Great Seal," Judge R. R. Sloane, Sandusky.

"Ohio in the American Revolution," E. O. Randall, Columbus.

"Ohio in the United States Senate," Senator J. B. Foraker.

"Ohio in the House of Representatives," Congressman Charles H. Grosvenor.

"Governor Under the First Constitution," David M. Massie, Chillicothe.

"Governors Under the Second Constitution," Colonel James Kilbourne, Columbus.

"Military History of Ohio, Including the War of 1812," General T. M. Anderson, U. S. A., retired, Sandusky.

"Military History of Ohio From 1812 to the Present," General J. Warren Keifer, Springfield.

"Judiciary of Ohio," Judge Moses M. Granger, Zanesville.

"Industrial Progress in Ohio," Senator M. A. Hanna.

"Public Schools of Ohio," Prof. W. H. Venable, Cincinnati.

"Universities and Colleges of Ohio," Prof. W. O. Thompson, Ohio State University.

"Ohio in the Navy," Murat Halstead, Brooklyn.

"Ethnological History of Ohio," General B. R. Cowan, Cincinnati.

"The Press of Ohio," S. S. Knabenshue, Toledo.

"Religious Influences of Ohio," Bishop C. C. McCabe.

"Ohio Literary Men and Women," W. Dean Howells.

"Ohio in Art," Whitelaw Reid.

The committee decided that the women of Ohio must not be overlooked, and a paper "On the Part Taken By Women in the History and Development of Ohio," will be assigned later.

On February 27 appropriate exercises will be held in all the schools of the state, and the Archaeological and Historical Society will send out pamphlets suggesting a program.

Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter: "I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely, it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, clears up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose.

STORM OF CRITICISM

Arcused By Warren Minister's Denunciation of Card Parties.

Warren, December 31.—At a reunion last evening Rev. E. A. Jester severely arraigned Warren society people who are giving card parties. Mr. Jester, who is pastor of the Methodist church, declared that playing cards for a prize in the parlor is just as bad as playing poker. His action has aroused the local "400," for card parties have been the most popular form of amusement here so far this winter and scores of parties have been arranged for the next few weeks.

Mr. Jester's remarks have caused a perfect storm of criticism. It is rumored that he may be asked to resign as a result.

AZELDA

Azela, December 31.—D. E. Walter and family, of Humtown, visited Mr. Walters' parents lately.

Mrs. Vine Hetsel and three children, of East Fairfield; Eva Crawford, James Ashford and John Crawford and family, all visited at the home of R. C. Wilson.

Mrs. L. Cope and Mrs. Wm. Crawford are both numbered with the sick. Alex. McAllister, of New York, visited his sister Mrs. Lizzie Sembower, a few days ago.

Miss Lena Finney is home from Canfield during the holidays.

Mrs. Lillie Sembower, who is at tending school in Allegheny, is spending the holidays with her parents.

Clarence Mercer, of Lisbon, was among old friends here lately.

R. B. Tullis and family lately visited relatives at Mt. Zion.

It is rumored that wedding bells will ring here soon.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and **Home of Swamp-Root** dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Will Continue Present Prices.

Philadelphia, Dec. 31.—The sales agents of the Pennsylvania Railroad company's anthracite coal companies met yesterday and decided to continue the present circular prices during the month of January. The sales agents also decided to renew any of the expiring contracts with large consumers of anthracite, which action will compel all consumers to purchase coal in the open market. It is expected that the Philadelphia and Reading Railway company will take similar action.

Cardinal Leaves for Baltimore.

Wheeling, W. Va., Dec. 31.—Cardinal Gibbons celebrated mass at St. Joseph's cathedral yesterday morning and in the afternoon was entertained at dinner by the Catholic clergy of the diocese of Wheeling. The special coach of President Loree was attached to the midnight train and the cardinal and the eastern priests who accompanied him departed for Baltimore.

A STARTLING REPORT

One That Speaks Volumes—Tells of a Great Good Done—Of a Certain Cure—For the Nervous—Weak And Sleepless.

Mr. James Peppin, of No. 302 Third street, East Liverpool, Ohio, says: "Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store are a fine nerve tonic. As a result of hard work I was generally debilitated—nervous and could not sleep. I needed the rebuilding and found in the Nerve Pills the medicine needed. They have the power to steady and strengthen the nerves—give restful sleep and general vigor to the system at large."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

It is rumored that wedding bells will ring here soon.

DRUG STORE SODA WITH ALCOHOL IN IT

Will Require the Seller to Pay a Tax As a Dealer in Liquor.

The treasury department has issued the following circular addressed to collectors of internal revenue and revenue agents:

"An examination of facts in cases which this office has recently had under consideration leads to the conclusion that a more stringent ruling is demanded in regard to the sale by druggists and others of beverages called claret soda, and other drinks sold at soda fountains containing small proportions of distilled spirits or wine or compounds thereof.

"Each collector is, therefore, directed to give immediate notice to druggists, confectioners, and other persons concerned, in his district, that on and after January 1, 1903, the special tax of a retail liquor dealer is required to be paid by every person who sells or offers for sale and soda-water, beer or other beverages to which is added distilled spirits or wine (the fermented juice of small fruit) or any compound thereof.

"That part of ruling No. 223 in Treasury Decisions, 1900 (vol. 3, p. 310), in which it is held that 'where an alcoholic flavoring syrup is used for sprinkling into a glass of soda water a quantity so small as to merely give flavor to the water, the special tax of a liquor dealer is not required to be paid for the sale of such beverage,' is hereby revoked, as well as every other ruling heretofore made contrary to the present ruling.

"Collectors are directed to furnish a copy of this circular to the proprietor or manager of every drug store, confectionery, or other place where spirits or beverages of this character may be sold and to see that on and after January 1, 1903, all persons disregarding the instructions contained are reported to this office."

FACE SECOND HEAVY FIRE LOSS.

Adventist Review and Herald Publishing Company Destroyed, With Loss of \$350,000.

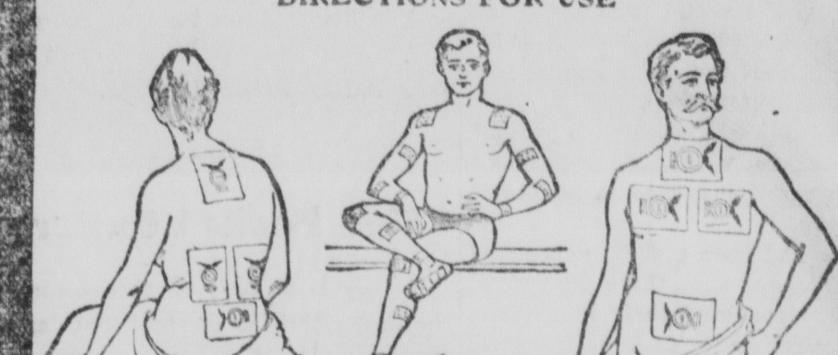

Battle Creek, Mich., Dec. 31.—In the total destruction last night of the big building occupied by the Review and Herald Publishing company, the Seventh Day Adventist colony is brought face to face with a second heavy loss by fire within a year, the Adventist sanitarium having been burned down only last February. Last night's loss is estimated by the Review and Herald company at \$350,000, with insurance amounting to \$150,000.

The fire is supposed to have originated in spontaneous combustion in a pile of rags in the press room.

Allcock's POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the Kidneys, or in a Weak Back, the plaster should be applied as shown above. Whatever there is pain apply Allcock's Plaster.

For Rheumatism, or Pains in Shoulders, Elbows, or elsewhere, or for Spinal Stiffness, etc., cut and for Aching Feet, cut plaster to size and shape required and apply to part affected as shown above.

Rheumatism, Colds, Coughs Weak Chest, Weak Back Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and easiest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable medicinal ingredients not found in any other plaster, and I find it superior to

NEURALGYLINE FOR THE NERVES

ARE YOUR NERVES SHATTERED?

Are you on the brink of nervous prostration? Are your nerves all unstrung? Do you feel a general breaking down? It's no wonder! We Americans hustle too hard, we work too much and too long, we tax our nerve power to its greatest capacity. Nerves are not iron! They must give way under the great strain. Have yours not already done so? You can tell if yours have by those sleepless, restless nights you have, by those frequent headaches you have and by your failing appetite.

It is expected that the Philadelphia and Reading Railway company will take similar action.

CARDINAL LEAVES FOR BALTIMORE.
Wheeling, W. Va., Dec. 31.—Cardinal Gibbons celebrated mass at St. Joseph's cathedral yesterday morning and in the afternoon was entertained at dinner by the Catholic clergy of the diocese of Wheeling. The special coach of President Loree was attached to the midnight train and the cardinal and the eastern priests who accompanied him departed for Baltimore.

Mr. James Pepin, of No. 302 Third street, East Liverpool, Ohio, says:

"Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store are a fine nerve tonic. As a result of hard work I was generally debilitated—nervous and could not sleep. I needed the rebuilding and found in the Nerve Pills the medicine needed. They have the power to steady and strengthen the nerves—give restful sleep and general vigor to the system at large."

Dr. A. W. Chase's Nerve Pills are sold at 50¢ a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

DRUG STORE SODA WITH ALCOHOL IN IT

WILL REQUIRE THE SELLER TO PAY A TAX AS A DEALER IN LIQUOR.

The treasury department has issued the following circular addressed to collectors of internal revenue and revenue agents:

"An examination of facts in cases which this office has recently had under consideration leads to the conclusion that a more stringent ruling is demanded in regard to the sale by druggists and others of beverages called 'claret soda,' and other drinks sold at soda fountains containing small proportions of distilled spirits or wine or compounds thereof.

"Each collector is, therefore, directed to give immediate notice to druggists, confectioners, and other persons concerned in his district, that on and after January 1, 1903, the special tax of a retail liquor dealer is required to be paid by every person who sells or offers for sale any soda-water drink or other beverage to which is added distilled spirits or wine (the fermented juice of small fruit) or any compound thereof.

"Collectors are directed to furnish a copy of this circular to the proprietor or manager of every drug store, confectionery, or other place where spirits or beverages of this character may be sold and to see that on and after January 1, 1903, all persons disregarding the instructions contained are reported to this office."

OHIO'S CENTENNIAL

Program For the Event Outlined
by the Committee of Arrangements.

GREAT ARRAY OF TALENT

Take Part in the Exercises to Be Held at Chillicothe in May—Many Distinguished Ohioans to Make Addresses.

olumbus, December 31.—The committee to arrange the program for the celebration of Ohio's admission to the union, to be held in Chillicothe on May 20 and 21, met here and practically completed its work. Governor Nash will preside the first day and deliver the opening address. General Roeliff Brinkerhoff, of Mansfield, will preside the second day and deliver an address. The committee has selected some of the best known people in the country to contribute to the program.

Governor Nash, General Brinkerhoff and General Kelfer were named a committee to go to Washington to invite President Roosevelt to be present and make an address. The program is outlined as follows:

"History of the Northwest Territory Up to the Settlement of Marietta," Senator John W. Daniels, Virginian.

"History of the Northwest Territory, Including the Marietta Settlement Up to 1799," Senator Henry Cabot Lodge, Massachusetts.

"History of the Territory From 1799 to the Organization of the State," President Woodrow Wilson, Princeton University.

"Date of Ohio's Admission And the Great Seal," Judge R. R. Sloane, Sandusky.

"Ohio in the American Revolution," E. O. Randall, Columbus.

"Ohio in the United States Senate," Senator J. B. Foraker.

"Ohio in the House of Representatives," Congressman Charles H. Grosvenor.

"Governor Under the First Constitution," David M. Massie, Chillicothe.

"Governors Under the Second Constitution," Colonel James Kilbourne, Columbus.

"Military History of Ohio, Including the War of 1812," General T. M. Anderson, U. S. A., retired, Sandusky.

"Military History of Ohio From 1812 to the Present," General J. Warren Keifer, Springfield.

"Judiciary of Ohio," Judge Moses M. Granger, Zanesville.

"Industrial Progress in Ohio," Senator M. A. Hanna.

"Public Schools of Ohio," Prof. W. E. Denable, Cincinnati.

"Universities and Colleges of Ohio," W. O. Thompson, Ohio State University.

"Join in the Navy," Murat Hall, Brooklyn.

"Chronological History of Ohio," Gen. B. R. Cowan, Cincinnati.

"The Press of Ohio," S. S. Knabenshue, Toledo.

"Religious Influences of Ohio," Bishop C. C. McCabe.

"Ohio Literary Men and Women," Dean Howells.

"Ohio in Art," Whitelaw Reid.

The committee decided that the women of Ohio must not be overlooked, and a paper "On the Part Taken By Women in the History and Development of Ohio," will be assigned later.

On February 27 appropriate exercises will be held in all the schools of the state, and the Archaeological and Historical Society will send out pamphlets suggesting a program.

Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter: "I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely, it bothered me a great deal, and have found great relief from its use and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, clears up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

It is for sale by all druggists in the **Now 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. **Sample bottle—enough for trial, free by mail.** Dr. David Kennedy Corporation, Rondout, N. Y.

STORM OF CRITICISM

Aroused By Warren Minister's Denunciation of Card Parties.

Warren, December 31.—At a reunion last evening Rev. E. A. Jester severely arraigned Warren society people who are giving card parties. Mr. Jester, who is pastor of the Methodist church, declared that playing cards for a prize in the parlor is just as bad as playing poker. His action has aroused the local "400," for card parties have been the most popular form of amusement here so far this winter and scores of parties have been arranged for the next few weeks.

Mr. Jester's remarks have caused a perfect storm of criticism. It is rumored that he may be asked to resign as a result.

SOCIAL EVENTS

THE CARROLL CLUB'S ANNUAL BANQUET

One of the Most Delightful Events in the History of the Organization.

At their rooms in the Stevenson building last evening was held the most delightful social function in the history of the Carroll club, it being the occasion of the sixth annual banquet and entertainment.

Over a hundred guests were present, and the rooms, which had been tastefully decorated, presented a handsome appearance.

A stage had been erected at one end of the suite, and from there the several performers rendered their numbers.

A minstrel show first part opened the entertainment and the club members taking part deserve credit for their ability to entertain. George White acted as interlocutor and the other performers were Andy Hughes, Joseph Lester, Francis Ryan and James Godwin, who acted as end men. A number of others also took part in the performance, which kept the large crowd in a roar for more than an hour.

A musical program followed, the selections, both vocal and instrumental, being rendered by some of the best talent in the city. The program follows:

Vocal Solo—William McKeever. Piano Solo—Misses Ana and Bessie Mahoney.

Vocal Solo—Miss McKeever.

Selection—Samuel and Lewis Grogode.

Piano Solo—Miss Maude Gordon.

Vocal Solo—Miss Margaret Hamill.

Vocal Solo—Miss O'Maley.

Vocal Solo—Charles Heath.

Selection—Samuel and Lewis Grogode.

Piano Solo—Miss Margaret Hamill.

So well was each number received that it would be difficult to give any one performer more praise than the other.

At the conclusion of the entertainment the entire assemblage repaired to the rooms of the Knights of Columbus, on the fourth floor of the building where the banquet was held. The long tables looked well under the heavy load of delicacies, comprising almost everything the market affords. Accommodations had been made for 150 persons, and when the seats were filled it was discovered that many would have to wait for a second table.

DELIGHTFUL PARTY

Miss Janet Knoblock Agreeably Entertained Friends at Progressive Euchre.

Miss Janet Knoblock, of College street, last evening delightfully entertained a number of her friends at a progressive euchre party. The Knoblock home was beautifully decorated in holly arranged in various designs, making a pretty holiday decoration.

The evening was enhanced in pleasure by piano solos by Misses Mamie McNichol, Minnie Agner and May Scruggs, which were much appreciated by the guests. At 12 o'clock a luncheon was served.

The hostess was assisted in the dining room by her mother, Mrs. Knoblock; Mrs. Edward Agner and Mrs. George Owen. Following the refreshment came the awarding of prizes. The first ladies' prize, which was a

pretty china plate, was won by Miss Jed Rigby, and the consolation prize was awarded to Miss Dora Ferguson. The first prize for the gentlemen was won by Clyde Davidson. This first prize was a valuable book. The second prize, which was a comic brownie, was awarded to Harry Hall.

The evening was one of much merriment, and Miss Knoblock will be remembered by many friends as an ideal hostess.

Progressive Euchre Party.

A merry party of about 30 people were pleasantly entertained at the home of Mr. and Mrs. E. W. Bartlett, Thompson avenue, last evening. Progressive euchre was the amusement. Mrs. George R. Ahrendts kindly contributed some vocal solos, which were much appreciated. At euchre Mrs. W. C. Browne, of Third street, and Mrs. Thos. Anderson, of Chester, were tied for first place and were each given a prize. Mr. W. C. Browne carried off the honors for the greatest number of lone hands.

To Wed This Evening.

Miss Pearl Grafton and Elmer Crawford will be married tonight by Rev. J. W. Gorrell at the church parsonage. They will be "at home" on Calcutta road after a brief honeymoon trip. The bride is a winsome and talented young lady and has for several years been a teacher in the Grant street school. The groom is a young man of exemplary habits and holds a responsible position at the Burford pottery.

Beardmore-Swindells.

At Trinity' Episcopal church, on Sixth avenue, Pittsburgh, yesterday, Miss Fannie Beardmore and William Swindells, both of this city, were married. After a short wedding trip east the young couple will return and take up their residence at the home of the groom, 209 Pennsylvania avenue. They will be "at home" to friends after January 10.

Elks' Watch Night.

The first social session of the season will be held by the local lodge of Elks at The Home tonight. Elaborate preparations have been made for the event, and those who attend will undoubtedly be well entertained.

Miss Larkins to Entertain.

Mrs. Charles T. Larkins, of Thompson avenue, will entertain on Friday evening at euchre.

DISTRICT MEETING

Of the Knights of Pythias to be Held at Salem in a Short Time.

Salem, December 31.—Salem Lodge No. 142, Knights of Pythias, at a regular meeting held last night, passed a resolution to accept the invitation which had been extended to the lodge to entertain the district convention of the Knights of Pythias. This district embraces three counties, Portage, Mahoning and Columbiana, and each lodge in the district will be represented by a delegate or deputy.

The purpose of the convention is to get together and go over the work and progress of the order in the district, and to consider matters pertaining to the good of the order.

The grand chancellor of the state will at once be notified of the acceptance of the invitation, and will then set a satisfactory date for the convention, probably some time during the latter part of January or early in February. The date will be announced later.

Craig speaks of a very warm article in his advertisement, page 4.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Masonic Banquet.—The Masonic banquet this evening will include an entertainment and stereopticon exhibit, followed by dancing.

A 50-Barrel Well.—A well said to be good for 50 barrels per day has been struck on the David Glass farm near Carson, W. Va., by the Columbia Oil Gas company, of this city. This company now has eight producing wells in that field.

Initiated Recruits.—General Garfield camp No. 3, Sons of Veterans, held an important meeting last night, at which three recruits were given the full initiation of three degrees. The lodge is in a profitable condition and is growing in strength at every meeting.

Funeral at Dr. Pratt's Home.—The funeral services of Sarah Florence, the seven-months-old daughter of Rev. Dr. and Mrs. M. B. Pratt, will be held at the residence at 10 o'clock tomorrow morning. Dr. and Mrs. Pratt will receive friends this evening from 7 until 8:30 o'clock.

Two Nurses Provided.—Charles Llewellyn, of Pennsylvania avenue, who suffered a stroke of paralysis about five weeks ago, is in a very serious condition and it is feared that he will not recover. Llewellyn is a member of the Knights of the Golden Eagle and the lodge has employed two nurses who are constantly on duty with him. He is a well known potter and has many friends.

Malleable Iron Combine.—Chattanooga, Tenn., Dec. 31.—General Manager James Meehan, of the Ross-Meehan Foundry company, has been informed that the combination of the malleable iron concerns of the country have been completed and that the transfer of interests will take place some time in January. The deal takes in 17 of the leading malleable iron concerns in the United States and the capital stock of the combine is rated at from \$16,000,000 to \$20,000,000.

Killed While Resisting Arrest.—Bethel, O., Dec. 31.—L. T. Sims was shot and killed yesterday while resisting arrest. Sims and Earl McKibbin had a desperate fight with weapons on the street. McKibbin swore out a warrant for the arrest of Sims, and when Marshal George Clare and Constable William Hannah attempted to make the arrest they were fired on. They shot Sims four times before he fell.

Jumped the Track.

Marion, Ind., Dec. 31.—A West Marion street car jumped from a 20 foot embankment at Lenfesty avenue to the railway tracks below yesterday morning. Out of the 25 passengers aboard 16 were injured, one perhaps fatally.

SPECIAL EVENTS

THE CARROLL CLUB'S ANNUAL BANQUET

One of the Most Delightful Events in the History of the Organization.

At their rooms in the Stevenson building last evening was held the most delightful social function in the history of the Carroll club, it being the occasion of the sixth annual banquet and entertainment.

Over a hundred guests were present, and the rooms, which had been tastefully decorated, presented a handsome appearance.

A stage had been erected at one end of the suite, and from there the several performers rendered their numbers.

A minstrel show first part opened the entertainment and the club members taking part deserve credit for their ability to entertain. George [illegible] acted as interlocutor and the performers were Andy Hughes, Joseph Lester, Francis Ryan and James Godwin, who acted as end men. A number of others also took part in the performance, which kept the large crowd in a roar for more than an hour.

A musical program followed, the selections, both vocal and instrumental, being rendered by some of the best talent in the city. The program follows:

Vocal Solo—William McKeever.

Piano Solo—Misses Ana and Bessie Knoblock.

Vocal Solo—Miss McKeever.

Selection—Samuel and Lewis Grogan.

Piano Solo—Miss Maude Gordon.

Vocal Solo—Miss Margaret Hamill.

Vocal Solo—Miss O'Maley.

Vocal Solo—Charles Heath.

Selection—Samuel and Lewis Grogan.

Piano Solo—Miss Margaret Hamill.

So well was each number received that it would be difficult to give any one performer more praise than the other.

At the conclusion of the entertainment the entire assemblage repaired to the rooms of the Knights of Columbus, on the fourth floor of the building, where the banquet was held. The long tables looked well under the heavy load of delicacies, comprising almost everything the market affords. Accommodations had been made for 150 persons, and when the seats were filled it was discovered that many would have to wait for a second table.

BRIGHTFUL PARTY

Miss Janet Knoblock Agreeably Entertained Friends at Progressive Euchre.

Miss Janet Knoblock, of College street, last evening delightfully entertained a number of her friends at a progressive euchre party. The Knoblock home was beautifully decorated in holly arranged in various designs, making a pretty holiday decoration.

The evening was enhanced in pleasure by piano solos by Misses Mamie McNichol, Minnie Agner and May Scruggs, which were much appreciated by the guests. At 12 o'clock a luncheon was served.

The hostess was assisted in the dining room by her mother, Mrs. Knoblock; Mrs. Edward Agner and Mrs. George Owen. Following the refreshment came the awarding of prizes. The first ladies' prize, which was a

The evening was one of much merriment, and Miss Knoblock will be remembered by many friends as an ideal hostess.

Progressive Euchre Party.

A merry party of about 30 people were pleasantly entertained at the home of Mr. and Mrs. E. W. Bartlett, Thompson avenue, last evening. Progressive euchre was the amusement. Mrs. George R. Ahrendts kindly contributed some vocal solos, which were much appreciated. At euchre Mrs. W. C. Browne, of Third street, and Mrs. Thos. Anderson, of Chester, were tied for first place and were each given a prize. Mr. W. C. Browne carried off the honors for the greatest number of lone hands.

To Wed This Evening.

Miss Pearl Grafton and Elmer Crawford will be married tonight by Rev. J. W. Gorrell at the church parsonage. They will be "at home" on Calcutta road after a brief honeymoon trip. The bride is a winsome and talented young lady and has for several years been a teacher in the Grant street school. The groom is a young man of exemplary habits and holds a responsible position at the Burford pottery.

Beardmore-Swindells.

At Trinity Episcopal church, on Sixth avenue, Pittsburgh, yesterday, Miss Fannie Beardmore and William Swindells, both of this city, were married. After a short wedding trip east the young couple will return and take up their residence at the home of the groom, 209 Pennsylvania avenue. They will be "at home" to friends after January 10.

DISTRICT MEETING

Of the Knights of Pythias to Be Held at Salem in a Short Time.

Salem, December 31.—Salem Lodge No. 142, Knights of Pythias, at a regular meeting held last night, passed a resolution to accept the invitation which had been extended to the lodge to entertain the district convention of the Knights of Pythias. This district embraces three counties, Portage, Mahoning and Columbiana, and each lodge in the district will be represented by a delegate or deputy.

The purpose of the convention is to get together and go over the work and progress of the order in the district, and to consider matters pertaining to the good of the order.

The grand chancellor of the state will at once be notified of the acceptance of the invitation, and will then set a satisfactory date for the convention, probably some time during the latter part of January or early in February. The date will be announced later.

MANUFACTURING POTTERS MAKING MUCH PROGRESS WITH NEW ASSOCIATION

The Organization Is Growing and Selling Price
Agreement Will Be Strictly
Adhered to.

The first day of the new year will also be the first day of actual existence for "The Pottery Association of America," the organization that was born from the United States Manufacturers' association during its special session held in Pittsburg two weeks ago, and which is calculated to put an effectual stop to the disastrous price cutting of the past six months.

Since the meeting in Pittsburg the officers of the association have found much more work to do in order that the details of the agreement be definitely arranged and understood so that it could be put into effect on the first day of the new year. At that time nearly every member of the United States Manufacturers' association had agreed to enter into the new agreement.

This association represents at least 75 per cent of the manufacturers in the United States. Since that time, however, many additional firms have been added to the list and it is estimated that not less than 75 per cent of the product of the United States will be controlled through the association. It is strong enough to carry into

effect the purposes for which it was formed.

Strange as it may seem three local firms, the Union Potteries company, Burford Brothers and the Standard have so far refused to become members of the association. The two last named are members of the Manufacturers' association, but the other company, it is stated, has never shown a disposition to affiliate with its competitors. If the reasons of the other two concerns for staying on the outside are known they have not been given to the public. All three of them, it is stated, have been solicited.

The western branch of the new association's executive committee has held a number of meetings, but the selection of an actuary, secretary and treasurer, left to it by the association, has not as yet been made. It will be necessary, however, to choose these officers in the near future.

The agreement which binds the manufacturers together in the new association is not for any stipulated time, but will endure as long as it can be made effective. There is a forfeit for

A FINE MODERN BUSINESS BLOCK FRANCHISE ASKED BY NEW RAILROAD

Will Be Erected on Washington Street by Potters' Building and Savings Co.

A LARGE SITE PURCHASED COUNTY COMMISSIONERS

And the Result Will Be a Structure That Will Be an Important Addition to the City—Plans Not Yet Fully Decided Upon.

A business building that is to be modern and substantial in every particular is soon to replace the buildings on Washington street now occupied by the Boston Candy kitchen, Frank Allen's barber shop and Campbell's wall paper establishment, known as the Purinton property. The new structure is to be the home of the Potters' Building & Savings company, which is at the present time quartered in the Odd Fellows building at the corner of Fifth and Washington. Just what sort of building will be erected has not yet been decided by the directors of the company but there is a strong sentiment in favor of a skyscraper. The negotiations for the property were only closed last evening so there has not been time enough to decide what sort of a structure will best satisfy the needs of the company.

The company had three desirable properties under consideration, one of them the homestead of the late Isaac W. Knowles at the northwest corner of Fifth and Washington. An offer of \$45,000 was made to Mrs. Knowles and promptly refused. Yesterday \$50,000 was offered and this too was refused after being considered several hours. The purchase of their present quarters was next considered by the company but when the fact that it would require moving while the building was being razed and the new one erected, the project was abandoned. Other objections were that the lot is too small for the size of the building desired and the loss that would be occasioned in demolishing the present structure. So the property a short distance to the north and owned by John J. Purinton was finally purchased. The consideration is said to be less than \$20,000. The lot fronts 44 feet on Washington street, 70 feet on Drury lane and 54 feet on Broadway. It measures 102 feet from Washington to Broadway.

The location is an excellent one for a modern office building and it is the hope of many that the company will so decide. The architects have not yet been called into consultation and will not be until something more definite has been decided upon.

ANOTHER BIG PURCHASE BY THE RAILROAD CO.

The Stewart Property Adjoining the Railroad Bought By the C. & P. Company.

The Robert Stewart property, Union and Water streets, adjacent to the Mercer property, recently sold to the C. & P., has also been purchased by the railroad company, the reported consideration being \$10,000. It is supposed to be the object of the railroad company to use the property for a site for the new station. Only two properties in the square are now left which the railroad does not own.

Negotiations have been on for the purchase of the Bagley property, but no agreement has been reached yet.

A price has been agreed upon for the purchase of the portion of the Croxall pottery property between the alley and the railroad.

THROWN FROM A SLEIGH AND MADE UNCONSCIOUS

Mrs. T. M. Bennett And Granddaughter
Badly Injured in a Runaway.

A sleigh in which Mr. and Mrs. T. M. Bennett and their 7-year-old granddaughter were riding collided with a wagon on Fifth street yesterday afternoon, the horse having become frightened and ran away. The occupants were thrown out in front of the Y. M. C. A. building and Mrs. Bennett and the little girl were rendered unconscious for a short time. Mr. Bennett was not hurt.

A vote of thanks was extended to all who aided the ladies in making the sale a success.

It is the intention of the association to make a report during the month of February, which will contain a detailed statement of the receipts and expenditures from date.

FOLK BOTH GRAVE AND GAY WILL GIVE GLAD WELCOME TO THE NEW GUEST, 1903

Watch Meetings and Other Religious Services
as Well as Social Affairs New
Year's Eve.

The advent of 1903 will be duly observed by many of the churches, and time-honored "watch night" services are scheduled throughout both this city and Wellsville for tonight. Not satisfied with the observing of Christmas, the churches in this twentieth century are inclined to attach more and more of religious weight to the passing of the old year, with all its regrets and mistakes, and the arrival of the new with its ambitious hopes and firm resolves.

There are always those who are watching for the chance to greet the arrival with noisy salutation, but the churches are endeavoring to make the celebration of an impressive character that will bear lessons for all of the duties arriving hand in hand with the new year.

Representatives of the Cleveland company have been importuning the county commissioners to sign foot front privileges for a line past the court house on Walnut street. This the commissioners have refused to do on the ground that they do not propose to grant any privileges which would hold up another company in case the company securing the grant should abandon its enterprise. The commissioners have assured Mr. Goodman's representatives that when his company has the goods to deliver the right of way privileges will be granted.

STILL ANOTHER RAILROAD PROJECT

New Line to Reach Coal Fields and to Connect
With Lisbon Erie Branch.

Salem, December 31.—The Mahoning & Lake Erie is the latest railroad to come to the surface. This road will shortly be incorporated, and the incorporators will be Cleveland men of money. It is given out that the people behind this road have their headquarters in the Perry-Payne building in Cleveland and the hint is thrown out that Mark Hanna is one of the individuals interested.

The company was formed to reach some valuable coal property down in Green township, Mahoning county. The road will be built from the coal lands to the Niles and Lisbon branch of the Erie. This will necessitate a track only five miles long at the start. All the coal land in that vicinity has been leased to the stockholders of the railroad company. The coal is known as cannel coal, and is of a desirable quality. It is of a quality between the anthracite and bituminous. It

is said the cost of mining is only \$1 per ton, and it will market at good figures.

It is furthermore reported that the Mahoning and Lake Erie railroad will eventually be extended and will penetrate other territory as well. A gentleman interested in the road said today the men behind the project could if they desired build a line from coast to coast, so great is the amount of money at their command.

It was intimated that eventually the line would be built through to Cleveland.

This road if it is constructed would be used for the hauling of freight only at first, but might eventually be turned into a passenger line should it be extended on to Cleveland as it is hinted at above. It penetrates a field hitherto untouched and would doubtless be a paying investment from the start as it will open up a

THE RIVER IS RISING AND ICE COMING DOWN

Navigation on the Ohio Is Seriously
Interfered With as a
Result.

There was a rise of almost two feet in the river during last night. It brought down nearly all the ice from the Allegheny, and it is playing havoc with the towboats en route from Cincinnati to Pittsburgh with empties.

They are going to the bank all along the line. The Harvester laid up at Racine and the John Moren is a short distance below her. The cold weather will thicken the ice. The packets are being interfered with to some extent.

The Queen City is due down tonight at 8 o'clock from Pittsburgh and the Ben Hur is due up at 9 o'clock from Parkersburg.

The Virginia will be docked at Pittsburgh for repairs to her hog chain. It will take two or three days to do the work.

COLDEST NIGHT OF THE WINTER

MERCURY DOWN ALMOST TO
ZERO THIS MORNING.

Heavy Ice Forming in the River.
Skating And Sledding
Good.

The mercury touched the lowest mark of the winter at an early hour this morning. It grew perceptibly colder last evening before nightfall, and before morning the thermometer was down almost to the zero mark. Two degrees above was registered at 2 o'clock this morning. The thermometer at the First National bank building registered 4 degrees above zero at 6 o'clock and at 11 showed 16 degrees above. It hovered around 20 degrees all day.

This is much the coldest weather of the season. Heavy ice has formed along both shores of the river. There was excellent skating last evening at the West End park and the sleighing continued fine. The sidewalks are in an almost impassable condition. Many pedestrians preferred the middle of the street today in preference to risking a broken limb on the icy pavements.

Quite a number have procured "spikes," which are attached to the shoe heels, insuring a firm footing.

HIS LEG CRUSHED TO SHAPELESS MASS

BAKEMAN FLEMING MEETS
WITH A SERIOUS ACCIDENT.

Will Lose His Limb As Result of Being Caught Between Cars.

Edward Fleming, brakeman on the pony shunting engine, was caught between two freight cars on the Horn switch this afternoon and his right leg was so badly mashed that amputation was necessary.

The pony had been working about the west end of the switch since noon, and in making a coupling Fleming missed his footing and fell between the bumpers. The leg was crushed in a horrible manner from the knee to the end of the toes, the whole lower limb and foot being mashed into a shapeless mass.

When the train was stopped and Fleming could be extricated from his perilous position, he was unconscious. As quickly as possible the patrol wagon in charge of Pat Woods and another fireman, was called and the injured man hauled to the office of Dr. Toot in the Exchange building.

Physicians lost no time in beginning the operation, and it was completed within an hour after the accident occurred.

Fleming is 35 years of age and resides in Wellsville, and was taken home.

GOLDEN EAGLES HOLD AN ELECTION

New Officers Chosen Last Night And Will Be Installed Next Tuesday.

At the meeting of the Knights of the Golden Eagle last night the annual election of officers to serve for the ensuing year was held. The meeting was quite largely attended and the election of officers resulted as follows:

Past chief, Frank Robinson; noble chief, Charles Apple; vice-chief, Elmer McIntosh; high priest, Thomas Simpson; venerable hermit, George Hamilton; keeper of exchequer, Thomas Buckley; clerk of exchequer, Joseph Bloor; sir herald, James Berkheimer. The installation of officers will be held next Tuesday night.

News and Notes About The Potteries

DECADENCE OF SCALLOPS.

The far-seeing firms have realized that the decadence of the scalloped edge on dinner sets has begun and they have abandoned it on a number of new shapes ordered for the spring trade. The reasons for its passing are many. For one, the taste of the people for china is as variable as in other things, and it seems to have drifted from the fancy to something plainer and more severe. There is already quite a demand for the plain edge sets. The taste of the public has not had all to do with its adoption by the manufacturers, for it offers many advantages to them. For instance they will pay less, in some departments, for its manufacture, the scale being higher for a dozen of scalloped than for the plain. The plain edge ware offers much more of a diversity in decorations, and a number of designs can be used that were found impossible with the scallops. It is predicted that with in six months every manufacturer in the city will be carrying at least one dinner shape with the plain edge.

BACK TO WORK.

The holiday vacations of a great many of the operatives are almost at an end, and those from out of town who have been visiting here are preparing to return to their homes in nearby towns. Quite a number of the plants will resume operations next Friday and the majority will start Monday. The prospects for steady work at all the plants are good, in fact some of them could ill-afford to lose the time taken for the holiday vacation. At no previous season in years have the conditions been better, so it is no wonder that both manufacturers and operatives enjoyed a merry Christmas and will have a happy New Year.

FATHER AND DAUGHTER DEAD.

A double funeral took place at Wheeling today, when James R. McCortney and Mrs. Edna Muncaster were buried in Greenwood cemetery. Mr. McCortney was president of the Bellaire Steel company and Warwick Pottery company and a veteran iron manufacturer of Wheeling up to his retirement from active life in 1900, when he and his family spent a year abroad. After returning the family lived in Washington, D. C., where Mr. McCortney's only daughter married Dr. Stewart B. Muncaster. Last Saturday Mr. McCortney died. His daughter had given birth to a child about a week previous and her grief over the death of her father caused her death.

STANDARD BUSY.

Reports from the Standard indicate that the holiday week has been an unusually busy one, a full force being maintained in all departments. As stated before it had been the intention to loaf long enough to permit of the repair of the kilns, but the failure of the brick to arrive has made it necessary to defer the shutdown until a later date. Four cars of ware have been shipped during the past week, which is an evidence that the post-holiday depression is not general.

NEW DINNERS.

The K. T. & K. will have a handsome new dinner set on the market for the spring trade, it being reported that Gotham & Lockett have about completed the modeling. The new set has not been named as yet. It is said to be quite a departure from the conventional ideas, and that it will be severely plain and without the scalloped edge. It is also reported that Gotham & Lockett are designing a new plain edge dinner set for Vodrey's.

NOTES OF THE POTTERIES.

It is stated that Joshua Chadwick will take the saucer jigger at the Wallace & Chetwynd, vacated by Bud Carr.

Claud Gigax, of the decorating department at the K. T. & K., is spending the holidays with his mother at Zanesville.

John Hicks, bench boss at the Dresden, has returned from a visit to his son who is attending the State University at Columbus.

Mart Edgell, formerly business manager of the Operative Potter, was here this week mingling with his many friends. He is now an advance agent for an electric bath concern and seems to be out of the trade permanently. He put in a number of years at the K. T. & K. as a castor, a trade in which few are now employed.

OHIO CENTENNIAL

Historical Society Trying to Interest Schools in Cele- bration.

The Ohio Historical Society is making preparations to interest the schools of the state to take part in the centennial celebrations which will be held February 27 of the coming year. Circulars have been sent out to all the

county examining boards to interest them in having some sort of celebration in commemoration of this event in the history of the state.

The annual distribution of histories of the state will be made within a few weeks. Each senator and representative receives 10 copies which are to be placed in schools. There has been complaint in the past that the books have found their way into the hands of friends heretofore and have not been placed where they have done the most good. One instance is reported where the Howe Historical collection is now doing service as a scrap book in which to paste family recipes.

The county board of examiners in each county have been notified to look out for the distribution and ask their representatives to place the books in the high school libraries.

VOYAGE WAS MOST PERILOUS

Judge J. A. Ambler And Miss Mary McNab, Passengers of Transport Sherman.

Miss Mary McNab, daughter of Attorney and Mrs. M. C. McNab, of Youngstown, and her grandfather, Judge J. A. Ambler, were among the passengers on board the United States transport Sherman, which reached Manila Sunday morning after a perilous voyage.

A dispatch from Manila concerning the narrow escape of the boat from shipwreck says: The United States army transport Sherman struck a rock near San Bernardino light, south of Luzon, Friday night. The transport sustained a heavy shock and some of her plates were damaged.

After the accident 23 inches of water was found in her forward bilges, but was controlled by steady pumping. The steamer proceeded for Manila under her own steam and arrived here Sunday.

When the Sherman struck the passengers on board were terrified, but there was no disorder. They promptly took their stations with life preservers on in the small boats. The officers of the Sherman handled the situation splendidly. Her cargo was not damaged. It probably will be necessary for her to dock at Hong Kong.

Miss McNab and her grandfather expect to remain in Manila until next summer, guests of Judge B. S. Ambler.

EAST END

WANDERER TAKEN IN

He Was Trying the Doors of East End Business Places When Arrested.

A fellow giving his name as Pete Snyder, whose chief occupation is in being a wanderer on the face of the earth was arrested in the East End last night by Officer Fisher and given a cold ride in the patrol wagon to the station house. Snyder was noticed around that part of town during the evening and was able to secure a number of drinks at one of the saloons. His credit being soon exhausted there he made the rounds of the business houses soliciting donations to the booze fund. He was successful in a number of places as the charitable spirit of Christmas time was still present.

After exhausting his supply of money and about 11 o'clock Snyder was discovered trying the doors of the business houses along Mulberry street. As that business belongs solely to the night watchman it was considered best to arrest him. Accordingly the patrol was sent for and he was lodged in the station house.

At the city hall this morning Snyder told Officer Morris that he was a structural iron worker and had been employed on the new bridge at Mingo until the beginning of his present spree. He frankly admitted to the officer that drink was getting the better of him and that he feared sometimes that he was going crazy. There were no signs of insanity this morning when he was released.

COASTING ACCIDENTS

Are Numerous On Pennsylvania Avenue Hill—A Girl's Ankle Sprained.

The hill along Pennsylvania avenue, in the East End, affords excellent place for coasting at the present time. Every afternoon and evening a large number of children and young people gather there and spend several hours with bob sleds. On account of the large number of people engaged in the sport and the steepness of the hill several accidents have occurred. Miss Brown, of St. George street, fell from a sled last night and sustained a severely wrenched ankle. She was assisted to her home and will be confined to her room for several days on account of the accident. Several small boys also were the victims of minor accidents last night while coasting on the hill. Several sleds collided but fortunately no one was injured aside from a few scratches and slight bruises.

Twenty-One New Members.

A watch night service will be held tonight at the P. H. C. hall in the East End. Last night 21 new members were initiated into the organization, and after the regular business of the lodge was over a program was given. One of the most interesting numbers was a spirited debate on the question of woman suffrage. Three members took each side of the question and the debate lasted for more than an hour. The judges awarded the decision to the affirmative side.

Funeral of W. P. Cochran.

The funeral service over the remains of William P. Cochran, who died Monday morning at his home on Mulberry street, East End, were held last night at the house. Rev. D. W. McQuiston had charge of the services and was assisted by Rev. James N. Swan. This morning the remains were taken to Mill Creek cemetery.

Henry Goodballet, of the East End who has been seriously ill for several weeks with typhoid fever, is slightly improved.

Taylor Larkins, who was injured slightly in a smashup on Fifth street yesterday, was able to be out this morning and suffered no bad effects aside from a few scratches.

John McKinnon and wife, of Bradock, Pa., and Harrington McKinnon and wife, of Beaver Falls, Pa., returned to their homes yesterday afternoon after a pleasant visit with George McKinnon, of the East End.

Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

COMMITTEE NAMED
TO HOLD CONFERENCEANOTHER MOVE IN K. OF L. AND
N. B. OF O. P. MERGER.

Trenton Organization Believed to Be Holding Out for Terms from Brotherhood.

Trenton, N. J., December 31.—The Knights of Labor have appointed a committee to confer with Vice President Frank H. Hutchins, relative to joining the National Brotherhood of Operative Potters.

The committee has not as yet made its appearance at the Brotherhood headquarters, but it is highly probable that a definite understanding will be reached by both factions by the end of the week.

Those who are advocating the affiliation with the Brotherhood are hopeful that the organization will come to some definite conclusion at the meeting to be held next week.

From what can be learned the Knights of Labor are holding out for terms and from what can be learned the Brotherhood is not likely to offer any concessions, but, on the other hand, insists that each individual file a separate application for membership, the same as any other potter who is desirous of joining the organization.

There are a few in the Knights of Labor who still adhere to their old-time prejudice against the Brotherhood and are found opposing the plans for affiliating with a society, which, during the past year, has made more progress than any labor organization in the United States.

The Brotherhood since last January, according to the figures given out by Secretary T. J. Duffy, of East Liverpool, has added 3,000 potters to its membership. A large part of this increase is credited to Mr. Hutchins, who, in the past year, has been instrumental in not only recruiting new members, but in the formation of locals, which have added greatly to the influence wielded by the National Brotherhood of Operative Potters in this city.

WABASH WANTS
LISBON CONNECTION

The Big Railroad Reported Trying to Absorb the P. L. & W. Line.

Youngstown, December 31.—Reports are in circulation that negotiations are pending for the consolidation of the Lake Erie, Youngstown & Southern railroad with the Pittsburg, Lisbon & Western railroad, the Lake Erie, Youngstown & Southern to be used as a Wabash connection.

Harry G. Hamilton, who laid out the Lake Erie, Youngstown & Southern railroad, and is pushing the construction of the line, said that nothing had been done regarding such a combination. Mr. Hamilton said the charter for his road provides for the building of a coal and limestone road from this city to the coal fields around Poland, with a branch line running to the limestone quarries along the Pennsylvania state line.

It is probable that a deal will be made between Mr. Hamilton and Myron T. Herrick, who is managing the Pittsburg, Lisbon & Western line that will be satisfactory to both parties.

THE CODE IN CANTON

Councilman Deadlock Broken, Salaries Fixed And City Redistricted.

Canton, December 31.—All the councilmanic deadlocks are broken, and the city is now ready for business under the new code. The salary of the mayor has been fixed at \$1,000, solicitor \$2,000, auditor \$1,600, public service board members \$1,000 each, public safety board \$200, president of council \$500, councilmen \$100.

The city was redistricted by wiping out the Fifth ward, giving one of its precincts to the Fourth and one to the Sixth.

The year 1902 has been a prosperous one in other than the business sense of the term. While commerce and industry in America have been breaking all records and surprising all the world by the magnitude and extent of their steadily expanding operations; while the great railroads, with immensely enlarged facilities, have found themselves, for the first time in their history, burdened with a business greater than they could handle; while throughout the whole land, men who live by the work of their hands, have found work in abundance, generally at better wages than they ever before received; while, instead of a glutted labor market there has been a steady and increasing demand for more workers; while factories have been enlarging, new and handsome buildings and countless homes for prosperous people have been in process of erection, and while bank accounts have been expanding at a rate perhaps hitherto unprecedented, there have been other and more welcome evidences of genuine progress. Gifts to educational institutions have seldom if ever been so numerous or munificent. The churches have enjoyed steady growth and have been furnished with means for enlarging their buildings and extending their work of usefulness. In East Liverpool we see evidences of the spirit of the times. The completion and dedication of the Carnegie free library, an institution that will be helpful and useful to the friends of literature and education for all time; the erection of a handsome new school-building to meet the needs of a growing section of the city; the projected building of new churches, one of them well on the way to completion; all these, as well as other instances that could be cited, are the most gratifying and satisfactory proofs of genuine progress, far outweighing in value the financial and business advancement of which they are the accompaniment.

The world certainly is growing better. The spirit of encouragement for religion, education and philanthropy was never so active or energetic. With the whole world at peace and great minds everywhere vying with each other to provide for the comfort, happiness and welfare of humankind, the wish for a Happy New Year, now echoed on all sides, means more than usual as the third year of the twentieth century dawns.

It has been a happy old year for the News Review. During 1902 we have added new features, new subscribers and extensive improvements to the mechanical department of the office, and now have ample facilities for getting out our big edition, by far the largest of any published in East Liverpool. We have convincingly demonstrated our belief that the people of this city and county appreciate and will cordially support a clean, honest and enterprising home paper. That we have met the popular demand most satisfactorily is proven by an increase of nearly 1,000 in our daily circulation, while a greatly enlarged advertising patronage speaks for itself. The News Review is grateful for this substantial evidence of appreciation of its efforts and assures all its friends that

in the future, as in the past, it will continue to give them the best local newspaper East Liverpool ever had.

Bishop Fowler, in an address before the Beaver county teachers, told them that the president of a railroad company, whose salary was \$25,000 a year, earned his money, and that many railroad brakemen did not earn the \$1.50 per day wages paid them. If the bishop were to take a trip on a Conway drag on a frosty night on the C. & P. he would doubtless be convinced that some brakeman at least earn all they get.

New banks were organized in the United States at the rate of more than one a day for each day in the past year. This speaks volumes in regard to business expansion.

The best way to make a happy New Year for yourself is to strive to make others happy. Selfishness and greed result in no true gain.

Bradstreet's says the past year was the best of all years in the business world. The indications all favor a still better one in 1903.

OBITUARY

H. D. Jordan.

H. D. Jordan, father of Rev. C. G. Jordan, pastor of the First Presbyterian church, in this city, died at his home in Volant, Pa., last night. Mr. Jordan was 77 years of age, and his death was due to the infirmities of old age. He had been in ill health for several years, but his condition was not serious until within the past four weeks. On account of his advanced age the illness affected him more severely that it would in the case of a younger man, and his death was not unexpected.

Mr. Jordan is survived by his wife and four children: Mrs. D. D. Simson, Mrs. V. O. Wilkin, both of Volant, Pa., S. S. Jordan, a medical student at the Western University of Pennsylvania, and Rev. C. G. Jordan, of this city. The deceased was one of the most highly respected citizens of his native town, and enjoyed the respect and esteem of all. Rev. Mr. Jordan has the sympathy of his congregation and a large circle of friends here. No arrangements have been made for the funeral, but it is thought the services will be conducted Friday afternoon. Rev. Mr. Jordan expects to return to this city in time to conduct the usual Sunday services at the First Presbyterian church.

William McElwain.

William McElwain, of Allegheny, died this morning at his home in that city after an illness lasting only a few days. Mr. McElwain was a well known young married man formerly residing in New Cumberland. He is about 25 years of age and has been married but a year. A few days ago he contracted a severe cold which resulted in pneumonia. His condition gradually grew worse and this morning death resulted. Mr. McElwain was a resident of New Cumberland for several years before he removed to Pittsburgh and was a member of one of the most prominent families in that city. His death will be deeply deplored by a large circle of friends in this country.

MRS. EDWARD DEARY
APPLIES FOR DIVORCE

An East Liverpool Wife Claims Her Husband Has Wilfully Neglected Her.

Lisbon, December 31.—(Special)—Mary A. Deary, of East Liverpool, has sued for divorce from Edward Deary. They were married at Tiltonville December 13, 1894.

Mrs. Deary charges wilful absence and neglect, and alleges that, as she is sickly and unable to provide for herself, she has been compelled to accept charity. W. B. Hill is plaintiff's attorney.

most valuable coal field which has hitherto not been fully developed.

This valuable mineral deposit lies in the vicinity surrounding the village of New Albany, Calis and Greenford. The road if constructed will run but a few miles north of this city and would be a great boon to the people of that vicinity. The fact that Cleveland capitalists are said to be back of the project, Mark Hanna, among others, lends color to the scheme and will cause many to look upon it with considerable favor.

FRIENDS AND VISITORS

E. H. Sebring, of Sebring, is in the city.

Miss Ruth Smith, is visiting friends in Steubenville.

David Sample is home from a business trip to New York.

R. J. McNeese, of Cleveland, is visiting at the home of John Hester, West End.

Louis Steinfeld and Harry Koch were Pittsburg business visitors yesterday.

John Howard left today for Sebring to visit friends. From there he will go to Cleveland.

William Daugh, of the Daughery & Glassware company, of Toledo, is in town.

Harry Connor, wife and daughter of North Lewisburg, are the guests of J. H. Fowler and wife, Grant street.

M. K. Montgomery, of Kinnier, Montgomery & Co., Lynchburg, Va., is in the city making pottery selections.

Col. L. S. Hein, representing the Pacific Crockery & Tinware company, of San Francisco, is in town placing orders.

Justice J. N. Rose, wife and grandson, James Rose, arrived in the city today from Owensboro, where they spent the holidays.

George Feist and Peter and Ed Feist, of Steubenville, were in the city yesterday, attending the funeral of George DeTemple.

Miss Gertrude Baker, librarian at the Carnegie institution, who has been ill for several weeks, has almost entirely recovered and will return to her duties this week.

William Gaston, of Fifth street, left Saturday morning on the 1:36 train for Battle Creek, Mich., where he will remain about six weeks to be treated for stomach trouble.

Mrs. K. P. Beattie, of Walnut street, has returned from a several weeks' stay at the sanitarium at Battle Creek, Mich. She was accompanied by Mr. Beattie, who left several days ago to bring her home.

The many friends of Dr. J. Howard will be pleased to learn that he has sufficiently recovered from an attack of grip and pneumonia to resume his practice. He was in his office yesterday afternoon for the first time in a week.

Misses Anna and Nina Lee, of East Liverpool, who has been spending the past week in Salem as the guests of Misses Nellie and Lottie Lowry, of Garfield avenue, started homeward yesterday. Miss Anna went to Pittsburg for a short visit.

AT THE THEATER

The Morrison version of "Faust," the masterpiece of Goethe, the greatest poet Germany has ever known, was presented at the Grand last evening to an audience representing the culture and the wealth of the city. The verdict is that it was the best production of the immortal play ever given in this city and that George S. Trimble as Mephisto excelled even Lewis Morrison. The incidental music by the Faust sextette was well received. The production was the original Lewis Morrison and carried all the magnificent scenery so material in the success of the play. The scenic effects and cost.

The Twentieth Century Minstrels

will be the attraction at the Grand to night. The production is the result of hard work and careful preparation on the part of the entire company, and promises to surpass anything of the kind ever attempted in the city. The advance sale is phenomenal and it is doubtful if there will be a ticket left on the board when the curtain rings up. A splendid street parade was given at noon in which the entire troupe headed by a military band, participated.

"When the Bell Tolls," which will be produced at the Grand on January 5, scored a great success at St. Louis, recently. The "Chronicle," of that city, in the criticism says: "Its plot is intricate enough for a three volume novel, and it scored a splendid hit twice, Sunday, drawing capacity houses, which in vociferous demonstrations approved of everything that happened. It is a story of a much wronged husband and an erring wife, attractively told. She goes from bad to worse and finally causes him to be left dying after a sensational duel in a snow storm on Mt. Blanc, in the Alps. The wounded man is rescued by St. Bernard dogs and cared for at the moratorium. Upon his recovery he follows her and is finally avenged, the adventuress dying by her own hand."

William Gaston, of Fifth street, left Saturday morning on the 1:36 train for Battle Creek, Mich., where he will remain about six weeks to be treated for stomach trouble.

Unable to find a trill in this world strong enough to please his fancy a modern playwright has gone in to the next and come back with a ghost. The play is "The Silver Dagger," by Mark E. Swan. The visitor from the next world is used throughout the play with telling effect, and is the cause of tremendous denouement, which literally lifts the audience to its feet. As a thrill-maker the ghost in "The Silver Dagger" takes precedence over any effect devised for dramatic plays in recent years. At the Grand New Year's day matinee and night.

STRICKLIN'S TROUBLES

OF A DOMESTIC NATURE ARE APPARENTLY ON THE INCREASE.

Wife Slammed Door In His Face—Whitecap Notice Sent to Her.

Samuel Stricklin, who, it will be remembered, was turned out of his home, in the vicinity of the storm sewer and Twelfth streets a few nights ago, when seen this morning by a representative of this paper stated that he went to his home this morning and after summoning his wife to the door tried to get into the house. He states that when his wife saw who he was she slammed the door in his face and would not let him in. He says: "I kicked the door in though and went in and got warm by the fire."

Stricklin states that he learned later from a neighbor that Mrs. Stricklin had been served with a "whitecap" notice and that it informed her if she did not take her husband back into the home and get rid of Anderson, the boarder who is the cause of the separation between Mrs. Stricklin and her husband, that both she and Anderson would be taken out by a crowd of indignant West End people and stripped, after which they were to ride on a rail and be given a coat of tar and feathers.

Stricklin says: "If I had the law in my hands for about an hour. I would soon fix them both." The outcome of the trouble between Stricklin and his "frow" will be watched with interest.

THE NEW SWITCH

Discussed By Railroad Officials And the Railroad Committee of Council.

The committee of council on railroad encroachments met yesterday in the council chamber with railroad officials to talk over matters relative to the new switch. The officials requested council to grant them permission to start at once to grade several of the streets back of the city to the required grade and use the surplus dirt for filling in purposes for the new switch.

Permission was granted by the committee and Philip Morley and the Laughlin Bros., both of East Liverpool contractors, will start with the work on Monday. The C. & P. evidently wish to rush the work on the switch.

SUIT AGAINST SPIRES

The Wellsville Constable to Be the Defendant in An Action By Mrs. Powell.

What promised to be a lively and interesting law suit is to come up some time this week in which Constable Spires is to be made the defendant.

The plaintiff in the case is Mrs. C. L. Powell, whose husband left home several weeks ago and left his wife in unpleasant circumstances. She claims exemptions under the Homestead law. Her attorney will take mandamus proceedings against the defendant. The exemptions in this case amount to more than the assets. The case will come up in common pleas court. The exact date is not set.

INDIAN CLUB BALL

Dance Given By the Engineering Corps One of the Events of the Season.

The dance given last evening by the engineering corps of the C. & P. road in this city, who term themselves the "Indian Club," was one of the finest affairs of its kind that has been given in Wellsville this season.

For an exclusive dance it was the limit. Only a few invitations were extended to people residing in Well-

ville and those were to the society leaders of the town. Out of town guests were present from Wheeling, Alliance, Steubenville, East Liverpool, and other nearby towns. McGraws orchestra of East Liverpool rendered the music for the occasion. A luncheon was served to the guests late in the evening. The affair was a success in every way and the club members have decided to make the occasion an annual one.

BOYS HELD FOR COURT

Arrested By Railroad Detective On a Charge of Stealing Iron.

Ernest Seal and Warren Roberts, Wellsville boys, aged 23 and 14 respectively, were arrested last evening by Detective J. F. Moore, of the C. & P. railroad. They were charged with stealing \$40 worth of iron from the Pennsylvania company. They were given hearing by the mayor and were bound over to court in the sum of \$100 each.

The detective states that the boys went together a few nights ago in a boat from the upper wharf to the rail road yards, at the lower end of town where they secured the iron and then returned with it to the upper wharf and hauled it to Scheckler, who deals in old iron, where it was found. The arrests are the result of smooth work on the part of Mr. Moore.

BOOKS IN GOOD SHAPE

Auditing Committee Reports On the Result of Examining Water Works Accounts.

At the regular meeting of the water works trustees held last evening, the auditing committee, composed of Frank Snowden and J. F. McQueen, gave in its report to the trustees. They reported Superintendent Perkins' books in first class condition and that the books balanced to a penny.

Matters were talked over by the trustees and their consulting engineers about the new plant to be erected for the water works. No important actions were taken.

Superintendent Perkins and his assistant, Miss Perkins, will turn over the office this evening to the new superintendent, C. C. Ewing, and his clerk, E. C. Taylor.

A Quiet Wedding.

A very quiet wedding took place last evening at the parsonage of the First M. E. church, Rev. Charles E. Clark performing the ceremony. The contracting parties were Miss Nancy P. Conn, daughter of Mrs. Minnie Conn, of Broadway, and Mr. William E. Knox, a popular young man employed at the mill. Only the immediate friends and relatives were present. Miss Conn was formerly employed as clerk in a local store. Mr. Knox played quarter back for the East Liverpool football team last season. They will reside for the present at the home of the bride.

Installation by N. B. of O. P.

At the regular meeting of local union No. 24, N. B. of O. P., held last evening in Potters' hall the officers which were elected at the last regular meeting were installed. The local has purchased a new piano for the hall and it will arrive in a few days. The next musical and literary entertainment will be some time during the last of this month.

Prohibition Alliance Meeting.

The Wellsville Prohibition Alliance held their regular meeting last evening in G. A. R. hall in the Atgen building, on Main street. A special program was given in which several of the members took part.

HARD'S

SOUTH SIDE

THE LAST DAY

TOMORROW THE FIGHT WILL BE ON IN EARNEST.

How the Chester Situation Appears to the Interested On-looker.

Tomorrow the battle of the ballots takes place in Chester. The municipal election has been fraught with considerable interest, and the lucky ones will be known tomorrow night. Never since Chester was incorporated has so much interest been manifested at a municipal election. This has probably been caused by the number of improvements undertaken in the past year in the town. A progressive policy always causes discussion.

It does not necessarily mean that those who oppose men who have been working for improvements are opposed to the improvements in themselves. The general policy of the improvement may meet with their hearty approval, but a different plan for its fulfillment is suggested by different parties. This has been the cause for the present heated campaign.

Several months ago there was a diversity of opinion in the council over certain matters of public interest, and since that time the voters of the town have divided themselves into two political camps. There are two leading factions in local politics in Chester, and along this line the campaign has been conducted. The question of being a Republican or Democrat has not figured in the contest at all.

At the first it seemed that the head of the ticket was where the fight would be made. Later it has developed that the lines are drawn down the entire ticket, and whoever is elected mayor of Chester will undoubtedly control the majority of the council. The election will be watched with interest, and many of the local politicians are busily engaged in telling who will win.

STORM DOORS FOR CARS

Rock Springs Line Will Soon Be Equipped With Closed Vestibules.

The new storm doors for the cars on the Rock Spring street car lines arrived this morning. Several cars already have the front closed, and as soon as the doors can be taken to the car-barns all of the cars will be fitted up in that manner. These doors have been ordered for more than six weeks, but owing to delays at the factory have just arrived.

At the meeting of the street car men's local last Saturday night the matter was referred to the prosecuting attorney of the county to compel the management of the East Liverpool railway to close the vestibules. Nothing has yet been heard in regard to the outcome, but other steps will be taken to compel the enforcement of this law if the cars are not closed.

ARRESTS ARE PROBABLE

If Any Residents Who Have Not a Right Attempt to Vote in Chester.

Politics were boiling today in Chester. It is said that wholesale arrests will be attempted tomorrow should parties attempt to vote who have no right to do so. The charge is openly made in some places that at the fall election several persons voted who had not been residents of the state a year, and if this is attempted again tomorrow, arrests will follow. The office of Justice W. C. Johnston was visited last night by parties who were intent on securing a warrant against one resident of the town who is quite prominent in politics locally on the charge of voting at the election in November when he had not been in the state for the required length of time.

It is claimed as an open secret for some time that at previous elections persons have voted at Chester regardless of their previous residence there.

MANUFACTURING POTTERS MAKING MUCH PROGRESS WITH NEW ASSOCIATION

any violation of its terms. Whatever of a legal nature necessary in preparing the agreement was attended to by Attorney James Carey, of the firm of Carey, Boyle & Mullens, with offices in Salem. Mr. Carey has been retained as the legal adviser for the new association and was in the city several days of this week attending to matters pertaining to his new duties.

The report that the association would advance prices was emphatically denied just after the close of the Pittsburgh meeting by Joseph G. Lee, president of the United States Manufacturers' association. He stated that the sole object was the marketing of all ware made by the members of the new association at certain fixed base prices to all classes of trade alike. Just what these base discounts will be has never been officially given out, but they will not vary much from the list given below, according to an accredited authority:

Semi-porcelain—Run of kiln, 55 per cent; thirds, 66 2-3.

White granite—Run of kiln, 55 per cent; thirds, 66 2-3.

Cream colored—Run of kiln, 44 per cent; thirds, 60 and 5.

The premiums will range from 2 to 16 per cent on purchases from \$500 to \$22,000. For each additional \$1,000 up to and including \$32,000 one-tenth of 1 per cent is to be added to the premium rate and each additional \$1,000 over and above \$32,000 one-half of 1 per cent is to be added up to and including \$52,000.

CHESTER NOTES.

J. Howard Maxwell was a business visitor in Pittsburgh today.

Justice A. G. Pugh will occupy his new office on Virginia avenue today.

Walter Allison is confined to his home in Chester with a severe attack of quinsy.

Mrs. J. L. Bernard and two little sons are visiting her sister near the Washington school house.

Arthur Allison expects to return to Morgantown, W. Va., Friday, where he will finish his year's studies.

Mr. and Mrs. Edward Riley, of Chester, left this morning to spend a few days visiting friends in Alliance.

Jesse Pugh, son of Squire A. G. Pugh, who has been ill for several days with the grip, is considerably improved.

Mrs. Anna Bonar returned to her home this morning in Wheeling after short visit with her sister, Mrs. C. T. McCutcheon, of Virginia avenue.

Ohio Incorporators.

Trenton, N. J., Dec. 31.—The Pioneer Pole and Shaft company, capital \$3,000,000, was incorporated here yesterday to manufacture woodwork for carriages and other vehicles. The incorporators are F. M. Atherholt, F. B. Theiss and H. E. Andress, all of Akron, O.

THE NEW YORK STOCK MARKET.

Close Was Strong and Practically at the Top—Bonds Were Rather

Irregular.

New York, Dec. 31.—Yesterday's stock market made an imposing show of strength, with an appearance of great activity and breadth, but a close analysis reveals that the business was much congested in comparatively few stocks, while the broad appearance of the market was accounted for by the number of long neglected stocks that were operated in. The aggregate dealings exceeded but little over three-quarters of a million shares.

The money market gave evidence of tightness early in the day and there was considerable calling of loans, but call loan rates did not get above 11 per cent. Later in the day the rate ran off to 6 per cent. Apparently some leaders had held out too long and were left with funds on their hands.

The coalers were easily the leaders of the day's market, the movement centering in Erie on account of the increase of \$341,540 in net earnings reported for November.

The decline in discount rates in London and the easier tone of exchange in response here had a reassuring effect as to possible future demands upon New York by London. The market closed strong and practically at the top.

Bonds were rather irregular. Total sales, par value, \$2,980,000.

United States bonds were all unchanged on the last call.

West Virginia Bar Association.

Wheeling, W. Va., Dec. 31.—The attendance at the annual meeting of the State Bar association was the largest in its history. Yesterday's features were the annual address by President George E. Price, devoted largely to an argument for the enactment of stringent laws placing the settlement of labor disputes and strikes in the hands of the courts, and the address of Hugh L. Bond, Jr., of Baltimore, counsel for the Baltimore and Ohio Railroad company, delivered at a public meeting at the Carroll club last night. His theme was "The Regulation of Industries by the National Government." He touched upon the trusts, but advanced no radical views.

Evidences of Terrific Struggle.

St. Louis, Dec. 31.—The dead and mutilated body of Orrin Worthen, a coachman, was found in the rear of his employer's residence, in the West End, yesterday. Evidences of a terrific struggle were apparent. The police believe that robbery prompted the crime. No one witnessed the combat.

night but there will be the usual New Year's service tomorrow morning at 10:30 o'clock. The pastor, Rev. J. G. Reinartz, will deliver a sermon dwelling on the important events of the year just closed and the prospects of the year to come. The choir will render musical selections appropriate to the occasion.

"Holy Day" will be observed at the Catholic church tomorrow. Mass will be held at the regular Sunday hours, 8 and 10 o'clock. Vespers will be held at 3:30 o'clock in the afternoon.

There have been no special arrangements made for meetings in the East End churches. It is inconvenient for a majority of the members to attend services at so late an hour and it was thought best to declare the meetings off. Some of the churches will hold New Year's services tomorrow morning but even this service will not be generally observed.

Nearly all the clubs in the city will hold special meetings tonight to greet the new year. These meetings will be entirely of a social nature and at a number of them elaborate refreshments will be served so that the old year may be ushered out and the new one in amidst scenes of pleasure. This custom has been followed for years in this city and the programs at the different clubs for this year are more extensive and elaborate than in former years. There will also be an unusually large number of parties and other social gatherings.

OHIO'S CENTENNIAL

Program For the Event Outlined
by the Committee of Arrangements.

GREAT ARRAY OF TALENT

Take Part in the Exercises to Be Held at Chillicothe in May—Many Distinguished Ohioans to Make Addresses.

Columbus, December 31.—The committee to arrange the program for the celebration of Ohio's admission to the union, to be held in Chillicothe on May 20 and 21, met here and practically completed its work. Governor Nash will preside the first day and deliver the opening address. General Roeliff Brinkerhoff, of Mansfield, will preside the second day and deliver an address. The committee has selected some of the best known people in the country to contribute to the program.

Governor Nash, General Brinkerhoff and General Kefler were named a committee to go to Washington to invite President Roosevelt to be present and make an address. The program is outlined as follows:

"History of the Northwest Territory Up to the Settlement of Marietta," Senator John W. Daniel, Virginia.

"History of the Northwest Territory, Including the Marietta Settlement Up to 1799," Senator Henry Cabot Lodge, Massachusetts.

"History of the Territory From 1799 to the Organization of the State," President Woodrow Wilson, Princeton University.

"Date of Ohio's Admission And the Great Seal," Judge R. R. Sloane, Sandusky.

"Ohio in the American Revolution," E. O. Randall, Columbus.

"Ohio in the United States Senate," Senator J. B. Foraker.

"Ohio in the House of Representatives," Congressman Charles H. Grosvenor.

"Governor Under the First Constitution," David M. Massie, Chillicothe.

"Governors Under the Second Constitution," Colonel James Kilbourne, Columbus.

"Military History of Ohio, Including the War of 1812," General T. M. Anderson, U. S. A., retired, Sandusky.

"Military History of Ohio From 1812 to the Present," General J. Warren Keifer, Springfield.

"Judiciary of Ohio," Judge Moses M. Granger, Zanesville.

"Industrial Progress in Ohio," Senator M. A. Hanna.

"Public Schools of Ohio," Prof. W. L. Venable, Cincinnati.

"Universities and Colleges of Ohio," Prof. W. O. Thompson, Ohio State University.

"Ohio in the Navy," Murat Halsted, Brooklyn.

"Ethnological History of Ohio," General B. R. Cowan, Cincinnati.

"The Press of Ohio," S. S. Knabenshue, Toledo.

"Religious Influences of Ohio," Bishop C. C. McCabe.

"Ohio Literary Men and Women," W. Dean Howells.

"Ohio in Art," Whitelaw Reid.

The committee decided that the women of Ohio must not be overlooked, and a paper "On the Part Taken By Women in the History and Development of Ohio," will be assigned later.

On February 27 appropriate exercises will be held in all the schools of the state, and the Archaeological and Historical Society will send out pamphlets suggesting a program.

Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is a marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter: "I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely; it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, clears up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

It is for sale by all druggists in the **Now 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail, Dr. David Kennedy Corporation, Rondout, N. Y.

STORM OF CRITICISM

Aroused By Warren Minister's Denunciation of Card Parties.

Warren, December 31.—At a reunion last evening Rev. E. A. Jester severely arraigned Warren society people who are giving card parties. Mr. Jester, who is pastor of the Methodist church, declared that playing cards for a prize in the parlor is just as bad as playing poker. His action has aroused the local "400," for card parties have been the most popular form of amusement here so far this winter and scores of parties have been arranged for the next few weeks.

Mr. Jester's remarks have caused a perfect storm of criticism. It is rumored that he may be asked to resign as a result.

AZELDA

Azelda, December 31.—D. E. Walter and family, of Humtown, visited Mr. Walter's parents lately.

Mrs. Vine Hetsel and three children, of East Fairfield; Eva Crawford, James Ashford and John Crawford and family, all visited at the home of R. C. Wilson.

Mrs. L. Cope and Mrs. Wm. Crawford are both numbered with the sick.

Alex. McAllister, of New York, visited his sister Mrs. Lizzie Sembower, a few days ago.

Miss Lena Finney is home from Canfield during the holidays.

Mrs. Lillie Sembower, who is attending school in Allegheny, is spending the holidays with her parents.

Clarence Mercer, of Lisbon, was among old friends here lately.

R. B. Tullis and family lately visited relatives at Mt. Zion.

It is rumored that wedding bells will ring here soon.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and **Home of Swamp-Root** dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Will Continue Present Prices.

Philadelphia, Dec. 31.—The sales agents of the Pennsylvania Railroad company's anthracite coal companies met yesterday and decided to continue the present circular prices during the month of January. The sales agents also decided to renew any of the expiring contracts with large consumers of anthracite, which action will compel all consumers to purchase coal in the open market. It is expected that the Philadelphia and Reading Railway company will take similar action.

Cardinal Leaves for Baltimore.
Wheeling, W. Va., Dec. 31.—Cardinal Gibbons celebrated mass at St. Joseph's cathedral yesterday morning and in the afternoon was entertained at dinner by the Catholic clergy of the diocese of Wheeling. The special coach of President Loree was attached to the midnight train and the cardinal and the eastern priests who accompanied him departed for Baltimore.

Mr. Jester's remarks have caused a perfect storm of criticism. It is rumored that he may be asked to resign as a result.

A STARTLING REPORT

One That Speaks Volumes—Tells of a Great Good Done—Of a Certain Cure—For the Nervous—Weak And Sleepless.

Mr. James Peppin, of No. 302 Third street, East Liverpool, Ohio, says:

"Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store are a fine nerve tonic. As a result of hard work I was generally debilitated—nervous and could not sleep. I needed the rebuilding and found in the Nerve Pills the medicine needed. They have the power to steady and strengthen the nerves—give restful sleep and general vigor to the system at large."

Dr. A. W. Chase's Nerve Pills are sold at 50¢ a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

DRUG STORE SODA WITH ALCOHOL IN IT

Will Require the Seller to Pay a Tax As a Dealer in Liquor.

The treasury department has issued the following circular addressed to collectors of internal revenue and revenue agents:

"An examination of facts in cases which this office has recently had under consideration leads to the conclusion that a more stringent ruling is demanded in regard to the sale by druggists and others of beverages called 'claret soda,' and other drinks sold at soda fountains containing small proportions of distilled spirits or wine or compounds thereof.

"Each collector is, therefore, directed to give immediate notice to druggists, confectioners, and other persons concerned in his district, that on and after January 1, 1903, the special tax of a retail liquor dealer is required to be paid by every person who sells or offers for sale and soda-water drinks or other beverages to which is added distilled spirits or wine (the fermented juice of small fruit) or any compound thereof.

"That part of ruling No. 223 in Treasury Decisions, 1900 (vol. 3, p. 310), in which it is held that 'where an alcoholic flavoring syrup is used for sprinkling into a glass of soda water a quantity so small as to merely give flavor to the water, the special tax of a liquor dealer is not required to be paid for the sale of such beverage,' is hereby revoked, as well as every other ruling heretofore made contrary to the present ruling.

"Collectors are directed to furnish a copy of this circular to the proprietor or manager of every drug store, confectionery, or other place where spirits or beverages of this character may be sold and to see that on and after January 1, 1903, all persons disregarding the instructions contained are reported to this office."

FACE SECOND HEAVY FIRE LOSS.

Adventist Review and Herald Publishing Company Destroyed, With Loss of \$350,000.

Battle Creek, Mich., Dec. 31.—In the total destruction last night of the big building occupied by the Review and Herald Publishing company, the Seventh Day Adventist colony is brought face to face with a second heavy loss by fire within a year, the Adventist sanitarium having been burned down only last February. Last night's loss is estimated by the Review and Herald company at \$350,000, with insurance amounting to \$150,000.

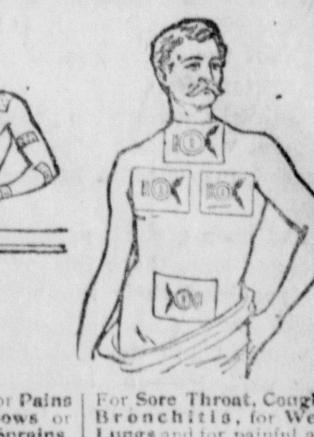

The fire is supposed to have originated in spontaneous combustion in a pile of rags in the press room.

POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief.

Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

Rheumatism, Colds, Coughs
Weak Chest, Weak Back
Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and easiest cure, use Allcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Allcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless. Read letter from Prof. Henry A. Mott, the eminent chemist.

My investigation of Allcock's POROUS PLASTER shows it to contain valuable ingredients not found in any other plaster, and I find it superior to

SOCIAL EVENTS

THE CARROLL CLUB'S

ANNUAL BANQUET

One of the Most Delightful Events in the History of the Organization.

At their rooms in the Stevenson building last evening was held the most delightful social function in the history of the Carroll club, it being the occasion of the sixth annual banquet and entertainment.

Over a hundred guests were present, and the rooms, which had been tastefully decorated, presented a handsome appearance.

A stage had been erected at one end of the suite, and from there the several performers rendered their numbers.

A minstrel show first part opened the entertainment and the club members taking part deserve credit for their ability to entertain. George White acted as interlocutor and the other performers were Andy Hughes, Joseph Lester, Francis Ryan and James Godwin, who acted as end men. A number of others also took part in the performance, which kept the large crowd in a roar for more than an hour.

A musical program followed, the selections, both vocal and instrumental, being rendered by some of the best talent in the city. The program follows:

Vocal Solo—William McKeever.
Piano Solo—Misses Ana and Bessie Mahoney.

Vocal Solo—Miss McKeever.
Selection—Samuel and Lewis Grogg.

Piano Solo—Miss Maude Gordon.
Vocal Solo—Miss Margaret Hamill.
Vocal Solo—Miss O'Maley.

Vocal Solo—Charles Heath.
Selection—Samuel and Lewis Grogg.

Piano Solo—Miss Margaret Hamill.
So well was each number received that it would be difficult to give any one performer more praise than the other.

At the conclusion of the entertainment the entire assemblage repaired to the rooms of the Knights of Columbus, on the fourth floor of the building, where the banquet was held. The long tables looked well under the heavy load of delicacies, comprising almost everything the market affords. Accommodations had been made for 150 persons, and when the seats were filled it was discovered that many would have to wait for a second table.

DELIGHTFUL PARTY

Miss Janet Knoblock Agreeably Entertained Friends at Progressive Euchre.

Miss Janet Knoblock, of College street, last evening delightfully entertained a number of her friends at a progressive euchre party. The Knoblock home was beautifully decorated in holly arranged in various designs, making a pretty holiday decoration.

The evening was enhanced in pleasure by piano solos by Misses Mamie McNichol, Minnie Agner and May Scruggs, which were much appreciated by the guests. At 12 o'clock a luncheon was served.

The hostess was assisted in the dining room by her mother, Mrs. Knoblock; Mrs. Edward Agner and Mrs. George Owen. Following the refreshment came the awarding of prizes. The first ladies' prize, which was a

pretty china plate, was won by Miss Jed Rigby, and the consolation prize was awarded to Miss Dora Ferguson. The first prize for the gentlemen was won by Clyde Davidson. This first prize was a valuable book. The second prize, which was a comic brownie, was awarded to Harry Hall.

The evening was one of much merriment, and Miss Knoblock will be remembered by many friends as an ideal hostess.

Progressive Euchre Party.

A merry party of about 30 people were pleasantly entertained at the home of Mr. and Mrs. E. W. Bartlett, Thompson avenue, last evening. Progressive euchre was the amusement. Mrs. George R. Ahrendts kindly contributed some vocal solos, which were much appreciated. At euchre Mrs. W. C. Browne, of Third street, and Mrs. Thos. Anderson, of Chester, were tied for first place and were each given a prize. Mr. W. C. Browne carried off the honors for the greatest number of lone hands.

To Win This Evening.

Miss Pearl Grafton and Elmer Crawford will be married tonight by Rev. J. W. Gorrell at the church parsonage. They will be "at home" on Calcutta road after a brief honeymoon trip. The bride is a winsome and talented young lady and has for several years been a teacher in the Grant street school. The groom is a young man of exemplary habits and holds a responsible position at the Burford pottery.

Baltimore-Swindells.

At Trinity' Episcopal church, on Sixth avenue, Pittsburgh, yesterday, Miss Fannie Beardmore and William Swindells, both of this city, were married. After a short wedding trip east the young couple will return and take up their residence at the home of the groom, 209 Pennsylvania avenue. They will be "at home" to friends after January 10.

Elks' Watch Night.

The first social session of the season will be held by the local lodge of Elks at The Home tonight. Elaborate preparations have been made for the event, and those who attend will undoubtedly be well entertained.

Miss Larkins to Entertain.

Mrs. Charles T. Larkins, of Thompson avenue, will entertain on Friday evening at euchre.

DISTRICT MEETING

Of the Knights of Pythias to Be Held at Salem in a Short Time.

Salem, December 31.—Salem Lodge No. 142, Knights of Pythias, at a regular meeting held last night, passed a resolution to accept the invitation which had been extended to the lodge to entertain the district convention of the Knights of Pythias. This district embraces three counties, Portage, Mahoning and Columbiana, and each lodge in the district will be represented by a delegate or deputy.

The purpose of the convention is to get together and go over the work and progress of the order in the district, and to consider matters pertaining to the good of the order.

The grand chancellor of the state will at once be notified of the acceptance of the invitation, and will then set a satisfactory date for the convention, probably some time during the latter part of January or early in February. The date will be announced later.

Craig speaks of a very warm article in his advertisement, page 4.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Masonic Banquet.—The Masonic banquet this evening will include an entertainment and stereopticon exhibition by dancing.

A 50-Barrel Well.—A well said to be good for 50 barrels per day has been struck on the David Glass farm near Carson, W. Va., by the Columbia Oil Gas company, of this city. This company now has eight producing wells in that field.

Initiated Recruits.—General Garfield camp No. 3, Sons of Veterans, held an important meeting last night, at which three recruits were given the full initiation of three degrees. The lodge is in profitable condition and is growing in strength at every meeting.

Funeral at Dr. Pratt's Home.—The funeral services of Sarah Florence, the seven-months-old daughter of Rev. Dr. and Mrs. M. B. Pratt, will be held at the residence at 10 o'clock tomorrow morning. Dr. and Mrs. Pratt will receive friends this evening from 7 until 8:30 o'clock.

Two Nurses Provided.—Charles Llewellyn, of Pennsylvania avenue, who suffered a stroke of paralysis about five weeks ago, is in a very serious condition and it is feared that he will not recover. Llewellyn is a member of the Knights of the Golden Eagle and the lodge has employed two nurses who are constantly on duty with him. He is a well known potter and has many friends.

Malleable Iron Combine.—Chattanooga, Tenn., Dec. 31.—General Manager James Meehan, of the Ross-Meehan Foundry company, has been informed that the combination of the malleable iron concerns of the country have been completed and that the transfer of interests will take place some time in January. The deal takes in 17 of the leading malleable iron concerns in the United States and the capital stock of the combine is rated at from \$16,000,000 to \$20,000,000.

Killed While Resisting Arrest.—Bethel, O., Dec. 31.—L. T. Sims was shot and killed yesterday while resisting arrest. Sims and Earl McKibbin had a desperate fight with weapons on the street. McKibbin swore out a warrant for the arrest of Sims, and when Marshal George Clare and Constable William Hannah attempted to make the arrest they were fired on. They shot Sims four times before he fell.

Jumped the Track.—Marion, Ind., Dec. 31.—A West Marion street car jumped from a 20-foot embankment at Lenfesty avenue to the railway tracks below yesterday morning. Out of the 25 passengers aboard 16 were injured, one perhaps fatally.

NATIONAL CAPITAL NOTES.

The government has purchased four more buffalo from a private herd in Idaho, for stocking the Yellowstone National park. The herd in the park now numbers about 45.

Justice Shiras, of the supreme court of the United States, will retire some time during the present winter. Among the names proposed as his successor is that of William H. Taft, civil governor of the Philippines.

John H. Pimple, of Carrollton, O., has been selected as assistant commissioner of the general land office, to succeed ex-Governor W. A. Richards, of Wyoming, who has been selected to succeed Binger Harmann, of Oregon, as commissioner.

The members of the senate and house naval committees, after conferences with the secretary of the navy, have practically decided on a plan for the increase of the personnel of the navy. It contemplates an additional naval cadet from each congressional district, two for each senator and 10 annually to be appointed at large by the president.

William Farmer, the celebrated violin soloist, has been engaged for a series of concerts to be given at Olson & Watkins' Diamond bar. He will perform there tonight.
